Chicago Trade Groups Obtain Hundred Acres Near Antioch for Purpose

Establishment of a country club for members of organized labor, to be located on a 1000 acre tract near Antioch, is planned by officials of the federated trades groups of Chicago labor organizations have purchased sites for homes adjacent to the club and Antioch promises to be the center for the largest organized labor playground in the nation.

President John Fitzpatrick of the Chicago Federation of Labor and Secretary Edward Nockels are supporting the new project, which also has the support of President Thomas Flynn of the Carpenters District council.

Sponsors of the new scheme to have labor meet socially declare the proposal has a far-reaching purpose. They say it will help to bring various elements in the labor movement together and thereby iron out or smooth out arguments officially called "jurisdictional disputes."

BRICK YARD DAMAGED BY FIRE ON SUNDAY

A fire thought to have been caused by spontaneous combustion of lime in the dry pan of the National Brick Co., of Deerfield, damaged the new machinery building and the machinery therein and the drop pan to the extent of from \$10,000 to \$15,000 early Sunday morning.

The fire occurred about one o'clock Sunday morning, spreading rapidly to the new building.

Deerfield, Northbrook and Highland Park fire departments responded to the alarm and soon had the fire under control. Much credit is due these departments for their efforts to put out this fire.

A New York philanthropist has given \$55,000 to the Yale law school, but what most of the student body wants to know is, what is he going to do for the football team?

Inc: "This punch ish getting awful queer."
Bristed: "Well, why don't you stop dipping your cup into the gold fish bowl."

The people are urged to rise in the world, and they are likely to if they keep crossing the railroad tracks ahead of the trains.

At Garden and Flower Show Being Held in Chicago This Week

The Garden club of Deerfield won first prize on the luncheon table set by Mesdames Charles E. Timson and Robert L. Johnson at the second annual Garden and Flower show held at the Hotel Sherman this week.

The Deerfield prize winners will be described in detail next week.

The Highland Park Garden Study club and the Ravinia Garden club also had beautiful tables. The cost of all tables had to be not more than \$100. Many lovely ones were done for \$50. Highland Park had a delicate pink linen cloth and tall candles of the same shade. The dishes were of cream Wedgewood and the beautiful oblong bowl in the center held huge lavender and pink sweet peas. They also had black handle fruit knives with white glass blades.

The cost of the setting of this table was stated as \$90.00. The Ravinia table had cream color dishes with a flowered green border and gold rim. The glassware was white and green glass bowl in the center of the table had a white base, and was filled with a mixed bouquet of spring flowers, tulips, iris, etc. Two green glass computes held hot house grapes.

Lake Forest Garden club had natural linen runners on the table, silver plates monogrammed, and blue glasses. A silver bowl held silver flowers. The cost of this table was \$64.50. Second prize for the table was won by the Wheaton Garden club. Honorable mention was given to the Garden club of Cary.

Winnetka, Woodstock, DeKalb, Oak Park, and River Forest, the Garden club of Deerfield and the Garden Study club of Highland Park won honorable mention on the houses which they rebuilt from a common model supplied each club and planted the gardens to their individual inclinations.

It is hoped that these little houses will be placed on display in the various towns so that the ingenuity displayed by each club may have a wider view. The first prize was given to Hinsdale, second to Norwood Park, third to Freeport, and honorable mention to Wheaton, DeKalb, Crystal Lake, Flossmoor, Glencoe and Warren. The shadow boxes won much praise, none of the local clubs won prizes in these.

ELECTIONS NUMEROUS IN NEXT FEW WEEKS

Township Voting April 3; Primary April 10; School Board April 14; Others

Primaries, elections and special elections are to keep the ballot boxes seething hot for the next few weeks.

The first battle coming up April 3 when there is a township election in every township of this and other counties of the state.

After the smoke has died away from the battle there will be the primary on April 10. A governor and state slate, U. S. senator, state senator, representatives, coroner, states attorney, circuit clerk, recorder, and surveyor are to be nominated then.

If the public thinks it is through then it is mistaken as an election to name school board trustees will follow on April 14.

Claimed we need more big men in this country, but all these fellows who are trying to reduce flesh don't seem to think so.

VOTE TO SUPPORT LIBRARY TUESDAY

REQUEST TO CITIZENS

Open Letter Urges Public to Vote Yes for Tax; Will Assure Success

To the voters of West Deerfield township.

We believe that, A free Public Library has a direct influence upon the moral, intellectual, and financial development of a community.

The Deerfield library has been serving the village for some time. It is our plan to extend its influence to the township. To be able to do this and meet the demands of our rapidly increasing population, it becomes necessary to ask for additional financial support.

At the Township election to be held on April 3, you will be handed a "little ballot." This ballot asks for a 9/10 of one mill tax to be used for the support of the library. This tax is very small. If you have to pay the tax collector \$23.00 this year, your tax will be 23 cents more next year. If your tax is \$50.00 this year it will be 46 cents more next year. This will not be a hardship upon any one but will assure the success of the library. Please vote "yes" on the "little ballot."

Polls open from 7 a. m. to 5 p. m.

MR. GEARY SAYS ITS TIME TO MAKE START

Urges Support of Library Plan at Township Election on April 3

WHEN DO WE START? Answer: April 3rd

Of course, we are going to do big things—But when do we start? We've made our plans, our course is set, our goal is in sight. But when do we start?

We all want Deerfield to be the best Village around Chicago. We are going to do our part—but when do we start? "Well begun is half done" is the truest line ever written. And there is a world of sound sense in the homely remark that a poor start is better than no beginning at all.

Like Roosevelt, we all harbor a fondness for the man who makes a mistake—for that proves he is willing to try. And, like Teddy, we feel only contempt for the fellow who is afraid to start. We know it takes courage to strike out, to blaze a trail, but still we can't help but admitting that the reason why the other fellow doesn't start is generally laziness and cowardice. Anyhow, we know that we are going to make things hum ourselves. But when do we start?

It's so much easier just to sit back, calm and restful, and watch the torrent of life rush past. But we can't navigate in the quiet of backwaters, we can't make headway standing still.

But when we think we are standing still we are not really standing still at all, we are slipping back, slipping back into discard as the rest of the world pushes on and leaves us, for the difference between success and failure is generally one good start.

But we are going to get under way—pretty soon now. We have our plans all laid—when do we start?

So the question isn't what are we going to do, but what have we started to do. For, after all, the only way to start is to START.

The way to build a house is to start digging.

The way to help Deerfield is to help the Library.

The way to help the Library is to Vote "Yes" on the Little Ballot Township Election April 3rd.

BOBBY JUHREND IN AMATEUR BOXING

A capacity crowd of more than 10,000 fight fans jammed the Coliseum about seventy-five of whom were from Deerfield on last Saturday night to see the boxing tournaments of the Chicago Tribune and the New York News fight it out for intercity supremacy. From fly weight to heavy-weight, sixteen bouts in all, each team won eight bouts.

Bobby Juhrend of Deerfield entered the ring in the 112 pound class with Joseph Siclori of New York. Joseph Siclori won the decision after three rounds. Both boys received beautiful prizes. Bobby Juhrend is going to fight at Highland Park on April 3.

ELIGIBLE WOMEN ARE URGED TO JOIN

Article in Chicago Paper Praises Women; Legion Auxiliary Needs Members

An excerpt from a Chicago Herald and Examiner of recent date:

"It's Women Who Make U. S. Good" American womanhood, in the opinion of Gen. James A. Drain, former national commander of the American Legion, is the strongest single influence for good in the United States today.

"And ten years from now it will be the American Legion," he predicted at the Hotel LaSalle. He came here from New York, enroute to Spokane, where he is practicing law.

"The Legion is steadily growing in numbers and influence," he said. "Its members, by studying public questions and public equal in importance to military service.

"If the Legion adheres to the principle of service to God and country without partisanship and bigotry, as I expect, it will in ten years have grown to be the strongest influence in America for every righteous purpose."

It is not up to each and every one who has the privilege of membership in the Legion or Auxiliary to do his (or her) part to help these two organizations fulfill their highest aims and purposes?

Auxiliary Unit No. 738, Deerfield, Illinois, is sending out a "call to service" to all women eligible—are you one? Further information can be obtained from any officer of the unit, or from Mrs. Ed. Jacobson, membership chairman.
