**Exclusive Modes for  
Easter Day and the Delightful Spring Days  
to Follow**

THERE was never a time when the array of Easter Modes was so great as this season. The styles are as varied as the fabrics and colors. Fashions with touches of Paris revealed in every line and fold.

Coats and frocks are ensembled here in a seemingly endless variety to greet fashionable women and misses and to gratify their every whim of fashion preference.

**Women's and Misses' New Easter Coats  
Marked by Individual Charm and Distinction**

STUNNING, graceful coats, so smart, so soft in fabric, so lovely in color, so charming in their clinging fondness for the slender silhouette, that mere words cannot tell of their great beauty.

Fine fabrics — herringbone twills, suede cloth, novelties, Poiret sheen in lovely Spring colors — and impeccable tailoring combine to make these coats particularly desirable. Each model depicting in its own inimitable way the effect we all strive for — youth.

**Frocks—the Very Word Breathes Paris**

THE spirit of gay Springtime is captured in these super-smart frocks. The fabrics— flat crepe, printed silks, georgettes, crepe de chines, are fashionable, to be sure. The styles are varied—from strict charming simplicity to dressy elaboration—each a remarkable value at its respective pricing. How they can be sold at these prices is truly amazing.
