## WIDE AWAKE TOWNS

Perhaps the thing that makes a town grow more than anything else, is to have the impression spread around that it is a wide awake town. A city that gets that reputation is likely to attract more new folks than one that has much handsomer homes and public buildings, but which is slow about pushing new ideas.

People like the idea of advance and motion and progressiveness. They want to see "something doing." They dislike towns in which it is hard to start things, where the life seems stagnant.

They feel in the live town, that there are going to be good chances for business and employment. They think that the business concerns will grow, be able to provide more jobs at better pay. They think there will constantly be chances for people to get into business for themselves. So they flock into such towns, feeling they open doors of opportunity. We want this city to be that kind of place.

## TIME TO CLEAN UP

April is a month that calls on the citizen to get out with his rake and give the long hair of his home grounds the combing that it needs. Raking up the yard is a very useful and cheerful exercise, and many citizens would be worthier residents of their home town if they used this implement with more vigor about now.

Nature creates a steady product of refuse in the form of dried grass and leaves that create an appearance of disorder and decay. The home place with these accumulations looks like the boy who has forgotten to brush his hair.

The old grass keeps the young shoots from coming up, and delays the progress of that silky looking lawn you would like, which would make your home look 50 per cent better. It is astonishing how much refuse you can dig out after a winter season. Better get busy, Mr. Householder, and the improved appearance of your home will be ample compensation.

## St. Paul's Evangelical Church F. G. Piepenbrok, pastor Holy Communion

The pastor hereby extends a hearty invitation to all the members and friends of the church to partake of the Lord's Supper some time during the Easter season. A good Christian will not want to do without it. Remember the Lord's Supper is our holiest sacrament. When Jesus met with His disciples on that night before his crucifixion, he said: "I desire to take this supper with you." And so does he to this very day desire to sup with us. Come, all things are ready for you. Do not wait until the throes of death grip your heart. Let us all take the Lord's Supper and thereby remember him as the crucified Savior who died that our sins might be forgiven and that we might live with him in blessed eternity. Two communion services have been arranged. A German service on Good Friday night, and an English service on Easter Day in connection with the morning service. You have your choice. Do not slight the invitation. Do it in remembrance of Jesus your crucified Savior.

The service on Good Friday will begin 7:30 p. m. The Easter service

will begin 10:15 a. m. Sunday school at the usual hour. The choir will rehearse after the service on Good Friday night.

(This comes without solicitation)

TO THE PEOPLE OF LAKE COUNTY, ILLINOIS:

Attention has been called to the National Association of Coroners to the effect that Dr. J. L. Taylor, your present Coroner, is seeking re-election. This Association has been organized primarily for the purpose of elevating the office of Coroner generally throughout the United States. This can only be done by having the office administered with dignity and efficiency. In view of the task that the Association has taken upon itself as heretofore stated, we are naturally interested in securing the best possible men to occupy the Coroner's Office. The Coroner's Office in the State of Illinois is indeed a very important one.

In the past several years the writer, who happens to be President of the Association, has had occasion to observe the work of Dr. J. L. Taylor, Coroner of Lake County. We not only desire to state that Dr. Taylor is recognized as far as the Association is concerned as one of the ablest and most capable Coroners in the United States, but the Association would consider it a tremendous loss should Dr. Taylor fail in being re-elected, for no-where have we found a man more devoted to the duties of his office than has been Dr. Taylor.

Accordingly, we sincerely hope and trust that Dr. Taylor's past good work in the Coroner's Office will receive adequate consideration on the part of the electorate of Lake County by returning him to that office by the largest majority of votes that any candidate has ever received in Lake County.

Very sincerely yours,

NATIONAL ASSOCIATION OF CORONERS

## CHARLES NOLL

A LAKE COUNTY MAN  
REPUBLICAN CANDIDATE FOR  
REPRESENTATIVE  
Eighth Senatorial District

CAPABLE

ENERGETIC

QUALIFIED

## The Man for the Job

Voters of Lake County owe it to themselves and the best interests of Northeastern Illinois to send a Lake County man to the State Legislature. The legislative needs of the Eastern part of the Eighth District demand capable and energetic representation. Of the four Lake County candidates for this office Charles Noll is admittedly the best qualified for the job.

Charles Noll is a university graduate with an A.B. degree, a law graduate with an LL.B. degree. He is a member of the Lake County Bar Association, and has spent eight years of his life in educational work. For four and one-half years he was a successful teacher of history and civil government in the Waukegan Township High School, resigning in 1925 to enter business. During the World War he enlisted in the U. S. Navy at the Great Lakes Naval Training Station and was in active service at the signing of the Armistice.

Mr. Noll is a practical and progressive business man, having managed the sale and development of over a half million dollars of Waukegan real estate. He is married, has two children, and owns his own home in Waukegan.

## Ten Reasons Why CHARLES NOLL Should Be Nominated

1. He is a lawyer and understands law and law-making.
2. He is well educated — a university graduate with A.B. and LL.B. degrees.
3. He knows and understands the legislative needs of the Eighth District.
4. He is a practical and progressive business man.
5. He was born and reared on a farm and understands farm problems.
6. He represents no group or special interests, but stands for a square deal for all.
7. He is an ex-service man, having served in the U. S. Navy during the World War.
8. He is capable, energetic and fearless in the discharge of duty.
9. He is a substantial man of mature age and sound judgment.
10. He stands for better citizenship, respect for law and clean government.
