#### CRAWFORD IS CASHIER IN LAKE FOREST BANK

Popular Teller on H. P. State Bank Accepts Position in That City

A few years ago Bert Crawford came to work at the Highland Park State Bank. He came from the Assistant Cashiership of a bank downstate. Monday of this week he left to become Cashier of the Lake Forest Trust & Savings Bank. He came to Highland Park knowing no one in the city, but at his leaving there was probably no one better acquainted with the people of all parts of town.

It is a distinct compliment to our own bank, where he received much of his training, that Mr. Crawford should be selected by the Lake Forest Trust & Savings Bank. We know that he has ability, and will predict his success.

He is a member of the Masonic Lodge and the Highland Park club. In the Play recently given by the Junior Ossoli club, he had a leading role. For the past three months he has been singing in the choir of the Church of the Holy Spirit, in Lake Forest.

#### LAKE FOREST Y. W. C. A. ENTERTAIN SUNDAY

All Local Girls Who Participated in Japanese Friendship Project Invited

Several groups of girls in Highland Park, including the girl reserves and the Camp Fire girls, participated last year in a Japanese friendship project. Several dolls were dressed and sent to Japan to represent America in the festival of dolls which was held there. Now the Lake Forest Y. W. C. A. has three Japanese dolls on exhibit which they have received in return from Japanese school children. The dolls will be on exhibit at the Y. W. C. A., Market square, on April 15, 16 and 17. An official reception for the doll messengers will be held on Sunday afternoon at 2:30. All girls, especially those who participated in the project last year, are cordially invited to attend. A movie, taken in Japan, and showing the arrival of the American dolls, will be shown. Mr. Peijiro Tamuro, the Japanese consul in Chicago, will act as the official representative of the Japanese children.

#### FIREMEN HAVE SEVERAL RUNS DURING THE WEEK

No Extensive Damage Done in Any Instance; Two to Larson's Store

The firemen had several runs during the past week, but no extensive damage was reported. About 11:30 Sunday night they were called to the Albert Larson stationery store where a piece of wood on top of the furnace had begun to smoke. There was no damage. Another call later in the week to the same place was occasioned by steamfitters working about the place. They had drawn the fire to make repairs and the fumes from the fuel drifted upstairs, causing an alarm. No damage.

On Sunday an overheated stove in the Parks greenhouse caused about \$25 damage to surrounding woodwork, the firemen report. On Monday a heated steam pipe at the Community center caused woodwork to smolder and a partition was damaged to the extent of about \$100, the fire chief states. Several grass fires during the week resulted in runs.

#### THREE MILLION CARS MANUFACTURED IN U. S.

A total of 3,393,887 motor vehicles were manufactured in the United States during 1927, according to revised official figures compiled by the U. S. Census Bureau. ### It Grows Itself

Your children know that if they plant a little tree, it keeps growing until it becomes a big tree.

Teach them that a bank account grows in the same way. Every year the interest adds to it, and year by year it grows larger.

A tree will grow faster, of course, if it is cultivated and fertilized. A bank account will grow faster if it is fertilized regularly with savings.

Until you have tried it, you have no idea how much the children will be interested in having a bank account, and in watching it grow.

Give them that opportunity. Come in and let us tell you how to start a bank account for your children.
