UDELL BUILDING IS STARTED THIS WEEK

STORES AND APARTMENTS

Printing Co. to Have Offices in New Structure; Cafeteria and Williams' Real Estate Office Also

Excavation was started Monday on the site of the handsome new store and apartment building which the Udell Printing company is erecting on its property on Central avenue, between the McKillip and Duffy buildings and in front of their present building. The new structure will cost approximately \$190,000, and, including the site, the total investment will be in the neighborhood of \$300,000.

The new building will extend 116 feet on Central avenue frontage from the McKillip building to the Duffy building, with an over-all depth of 90 feet. It will be three stories in height, with large basement. The first floor will contain five large rooms with hall, and the two upper stories will accommodate 18 kitchenette apartments, with two, three and four rooms, each, all provided with modern conveniences of every kind.

Fire-proof Throughout
The new structure will be of fire resisting material throughout, with steel and concrete as basic construction and the front faced with pressed brick and stone trimming. The architecture is both dignified and decorative, and the building promises to be one of the finest, both in appearance and construction, which has ever been erected in this city.

In the new building the business, editorial and advertising offices of the Udell Printing company, and the printing company's stock room also will be located in the new structure. In this way much needed space will be afforded in the printing plant to the rear, where addition of new equipment from time to time, made necessary by increasing business demands, makes it essential that more room be available for machinery and the other details of operation of a large publishing house.

At a meeting of the stockholders of the Udell Printing company several weeks ago the plans of Olson & (Continued on page eight)

BIDS ON ONLY SOUTH BRIDGE TO BE OPENED

State Department to Consider One Bridge on Sheridan Road at Present

County Highway Sup't Lobdell received word yesterday from Springfield to the effect that bids on only one North Sheridan road bridge in Highland Park, the south one, will be opened by the state department of highways on May 9, and that the only other bridge on which bids are to be opened then is one on Sheridan road in Lake Forest, near the intersection of Deerpath avenue.

The reason for the delay on the north bridge here is not known, except that it may be because of the sharp turn a short distance north of it. When the publishers of this newspaper were in Springfield last week they were told by a highway engineer that effort was being made to eliminate in as far as possible this sharp curve. It may be that this is the cause of the delay on the north bridge.

Oak Terrace School Plans Big Addition \$80,000 Bond Issue

Due to the overcrowded conditions at the Oak Terrace school, Highwood, the board of directors of school district 111 has deemed it advisable to ask for power to issue \$80,000 in bonds with which to build an 8-room addition to and make alterations and repairs to the present building. The rooms in this building were constructed to accommodate a maximum of thirty-five pupils and six of them now have more than forty-five in them. Last summer the board finished two temporary rooms in the basement, which are now taking care of eighty-seven first grade children.

The board feels that such conditions are unfair to the child, the parent and the teacher, and is, therefore, submitting the question of bonding the district for an addition.

A special election for this purpose will be held in the Oak Terrace school on Saturday, April 21, from 12 m. to 7 p.m.

Every parent knows that his child should have a fair chance to secure at least an elementary education and should, therefore, feel it his duty to vote "yes" on this bond issue.

Two candidates for school director last Saturday at the annual election, held at the Oak Terrace school, Jas. Watson was a candidate for re-election and J. C. Frame, city marshal, was the other. Mr. Watson received 148 votes and Mr. Frame 114.

ANNUAL MEETING OF H. P. WOMAN'S CLUB

BURN BONDS ON BUILDING

Structure Clear of Debt With Incineration of \$30,000.00 Worth of Paper; Elect New Officers

Thirty thousand dollars worth of bonds on their club house were burned at the annual business meeting of the Highland Park Woman's club on Tuesday afternoon. This clears the building of indebtedness, and the club in addition has in its treasury about \$5,000 to be applied to the fund being accumulated for the erection of the completing unit of the structure, and which it is hoped to begin within two or three years. The annual election of officers was held at this session.

Unusual interest was manifested by the members in this important meeting and attendance was large. Luncheon was served at 12:30 o'clock, in the club room, on long tables brilliant and beautiful in their appointments of silver, damask and spring flowers.

The feature of the business session was the burning of bonds totaling \$30,000, marking the elimination of all indebtedness on the club house. These bonds represented the money borrowed with which to erect the present building. The actual burning of the bonds took place at the close of the meeting and was in charge of the building committee, whose chairman is Mrs. O. Laurence Olesen. The latter chose as her assistants Mrs. George Campbell, Mrs. George B. Cummings and Mrs. Henry Sampson.

Dreams Come True
As the flames leaped high, wiping out the last vestige of the club's debt on the building, a feeling of gratification permeated the assemblage as they witnessed this ceremony, which marked the realization of the ideals (Continued on page 6)

SPRING PERFORMANCE OF JUNIOR PLAYERS

To Be Given Friday Night at Highland Park Woman's Club

King Groog and His Grouch and the Testing of Sir Gawayne are the plays to be presented by the Junior Players of the Highland Park Woman's club at the club auditorium Friday night at eight o'clock. The plays given by this organization at Christmas time will long be remembered, for Highland Park is justly proud of these talented children. The histrionic ability shown by these children, their cleverness in making their own scenery, furnishing their own music, and doing their own stage managing is truly surprising.

Will you ever forget Danny Davis as the tiny King of Nounania, Felicity Buhl as Scrooge and did you realize that Patty Odell took on two new parts the day before the play on account of the illness of another child?

The new plays promise to be even more clever than the last ones. The children taking part Friday night are Jimmie Garnett, John Brigham, George Plant, Patty Odell, Dorothy Casebeer, Patricia Speed, Frances Jenkins, Eleanor Austin, Gladys Brown, John Austin, Joy Belle Fritsch, Patty Odell, Danny Davis, Mary Swazy, June Stockwell, Phoebe Swazy, Frances Odell, Marnie Rosenberg, Walter Willard, Betty Pratt, Josephine Buhl, Louise Willard, Margaret Cox, Priscilla Mann, Robert Brown, Helena Stockwell, Florence Dingle, Mary Lu Sanborn, Virginia Stockwell, Robert Black, Mildred Gail, Franklin Fritsch, Bobby Casebeer, and Gene Jenkins.

Tickets can be bought at the door.

In the reorganization of the Republican County Central committee effected, at a meeting held Monday afternoon in the circuit court room at Waukegan, Max L. Przyborski of North Chicago, campaign manager for the Emmerson ticket in Lake county during the primary campaign, was elected chairman. He has served as secretary of the county organization for several years.

All of the 62 precinct committeemen were present when the meeting was called to order. Attorney Przyborski succeeds William J. Stratton of Ingleside as chairman of the Republican Central Committee for four terms. Stratton is the Republican nominee for secretary of state and seems certain to be elected in the fall and the duties of this office will require that he spend most of his time in Springfield. For this reason he retired as chairman of the Republican body, feeling that the head of this organization should be able to devote much time to activities in the (Continued on page 12)

More than 700 votes were cast during the day in the three wards, and the contest was close in two of them, the winners having a margin in each case of about ten votes.

EXCELLENT CAST IN FINAL GUILD PLAY

HERE LAST WEEK IN APRIL

Marked by Modernistic Settings "Tons of Money" Is Hilar- ous Farce; Good Show Is Promised

Stage settings executed in modernistic fashion will distinguish the coming North Shore Theatre Guild production, "Tons of Money" from previous plays presented by this popular amateur group. It will be given at Highland Park, April 25, and Lake Forest, April 26.

The whole scenic investiture of the Guild's next enterprise, a riotous travesty on the money question, is to be in the nature of a foreword to the spring styles' in furnishings to be later featured by Marshall Field & Company.

As for the play itself, this extravagant farce will be quite different from anything yet offered by the Guild. It is the final play of the winter season, and brings together in one well-rounded cast many of the favorite amateur players of past outstanding successes of the Guild.

Mrs. Bell in Cast
There will be Mrs. Laird Bell, of Winnetka, always a popular interpreter of droll, eccentric characters, who scored a remarkable hit in the well remembered part of Hester, in the guild's production of Milne's "Ariadne" last year. Mrs. Bell appears frequently as a reader on the programs of local women's clubs. In (Continued on page 12)

The board appointed a committee of three to investigate the matter and secure the right of way or start condemnation proceedings if necessary and it was pointed out that unless rights of way difficulty on this and several other roads are not cleared up at once, checks will be returned to contractors and the roads will not be built this year.
