### HONOR MR. EVANS FOR 25 YEARS SERVICE

Arthur E. Evans, former resident of Highland Park last week completed twenty-five years service with the Commonwealth Edison company. A reception was held in the company's office for Mr. Evans at which time he received the congratulations of many company officials and associates. During his twenty-five years with the Edison Company, Mr. Evans

has been promoted in successive steps from apprentice to his present position of district superintendent. Mr. Evans is son of Mr. and Mrs. R. G. Evans, 14 S. First street, and at one time was publisher of the Highland Park News.

The problem now before the political managers is how to choose a president in such a way that the people will think they did it.

### STAGE ARDEN SHORE DRAMA HERE SOON

Local Residents to Take Part by Making Contributions to Rest Camp

(Contributed)  
A great drama that will interest the entire north shore and particularly Highland Park, which happens to be the home of all the actors taking part, will be staged here the first week in May, and plans are already on foot to have every man, woman, and child in the Village be spectator and actor as well as stockholder.

The plot is most soul-grIPPING and spell-binding and has interest for every resident here. (The patents and copyrights for the story are, unlike most releases, free for the public; so it has been possible to get very valuable advance information as to the thrilling details.)

The part of the heroine of the play is shared by Mrs. Kind Hearted and Miss Share-our Blessings, while the hero is our old time favorite, Mr. Generous Gives. Others important in the cast are General Chairman and her able sister, "Go" Chairman, Mrs. District Chairman, and that able and spirited Block Canvasser.

The action of the play is powerful in its very simplicity with no over-acting or boring pageantry to detract from the main vital interest of the plot. Some of the captions are noteworthy—"Doorbell Rings," "Block Canvasser meets Mrs. Kind Hearted," "Explains Mission," "Mrs. Kind Hearted finds check book after exhaustive search of closet, pantry, bureau drawer, and desk." "Block Canvasser and Mrs. K. H. clasp hands knowingly." Fade out. Curtain.

The unique feature of this annual drama is that there are no spotlights necessary, no directors to shout at the actors. The impetus for the entire action and its reason for being so vitally interesting is a well-known camp on the north shore at Lake Bluff, known as Arden Shore, and each year we of Highland Park are becoming more and more glad and willing to take our part in the "Drama of Giving" and to share our little or much, as our case may be, with an organization that does as much good work in exactly the way in which it is most needed as Arden Shore. Each year there is a large quota of newcomers to Highland Park, to whom we gladly explain that Arden Shore is a rest and building-up camp for undernourished boys each winter, and gives a much-needed and well-planned summer vacation to thousands of mothers and children each summer.

So remember, Mr. and Mrs. Highland Park Resident, save the first week in May; we'll need you personally to make our drive for Arden Shore the success it must be in order not to disappoint the tired and worn mothers and children who look forward to their Arden Shore vacation as their own particular and only "Little Bit of Heaven."

### PLAN FESTIVAL FOR ST. FRANCIS HOSPITAL

Proceeds of Affair June 16 for New Emergency Wards; Solicits Aid

The organization formed this year, called the Foundation for St. Francis hospital, of which Mrs. Frank Jones of Evanston is President, met last Wednesday, April 18, and discussed plans for the Festival to be held June 16. The net proceeds of this affair are to be used for the emergency rooms—two new rooms on the ground floor that will accommodate several cases at once.

The interest manifested in this event and the response have been splendid. Many groups along the Shore are working to make it a splendid success. We are asking all the friends of St. Francis to help us.

On June 16, the grounds sloping east, back of St. Francis hospital will be the setting of this gay affair.

Mrs. Frederick McLaughlin of Rogers Park is chairman of the entertainment, which will be in the form of playlets, musicales, readings, etc.

The nurses will sponsor the candy booth.

Mrs. George Ludwig has charge of the merchandise booths.

The Evanston Catholic Woman's club will take charge of the refreshments. Mrs. Albert J. Smith, the President of the St. Francis Auxiliary, has charge of the six o'clock dinner.

Mrs. William Schildgen, President of the North Shore Catholic Woman's club, has charge of a continuous card party to be held in the nurses home.

Any one wishing to aid this cause with contributions of any kind, or with talent for entertainment, is asked to get in touch with the various chairmen.

### CAR STOLEN HERE IS RECOVERED IN TOWN

A Buick sedan belonging to W. K. Harrison of 2488 Deere Path drive was stolen from in front of Trinity church, between 11 and 12 o'clock on Sunday last, the police report. The car was later recovered in Chicago with all the tires and one bumper missing.

The vice-presidential contests do not excite any great interest, but the delegates should not go home and forget to nominate someone.

### SCULPTOR TO INSTALL BRONZE HORSE IN PARK

Jugo-Slav Artist Comes to Direct Erection of Two Huge Pieces in Chicago

Ivan Mestrovic, the Jugo-Slav sculptor, has arrived in Chicago ready to co-operate with the architects, Holabird and Roche, in the installation of the two great bronze horses, with their primitive Indian riders, which are to be installed this summer in Grant Park. They are to be placed on each side of Congress street, at the Michigan avenue approach to the twin bridges across the Illinois Central tracks. Mr. Mestrovic will be remembered for his one-man show of sculpture held in the Art Institute about a year ago, in which the "modern" not was strongly

accented. Mr. Mestrovic is a genius with profound depth of feeling, which is ably and fittingly expressed in his work. Strength, vigor, tremendous action and superb modelling will be found in the great bronze horses with their aggressive, warlike American Indians seated bareback astride their haunches. The unveiling ceremonies will be announced later.
