TO DECIDE FATE OF GLENCOE DAY PROJECT

An important meeting of the Glencoe Chamber of Commerce will be held at the Council chamber at the Village hall Thursday evening of this week at which time President Leo J. Hillman requests that all members be present.

One of the principal subjects for discussion will be that relative to continuing the custom of holding an annual Glencoe day celebration.

There are those in the Chamber, it is said, who have felt for some time that owing to a lack of proper revenue obtained at these occasions; a lack of spirited co-operation upon the part of the residents of the village in general, for whom the day was originally planned; the uncertainty of good weather, so necessary to insure the success of such an occasion, and the attendant work and worry in connection with preparation of the day and the heavy expense involved, it might be advisable to discontinue holding the celebrations.

GARDEN CLUB HOLDS MEETING OF INTEREST

Mrs. Timson, Hostess, April 18; Mrs. Johnson and Mrs. Piper Read Papers

The monthly meeting of the Deerfield Garden club was held at the home of Mrs. C. E. Timson of Wilmet road, April 18.

The reports showed an unusual number of activities and achievements by the club during the past month. There was genuine happiness over the prizes won by the club at the annual Flower show. The Garden club co-operated with the Parent-Teacher association at their last meeting in observing National Garden week, April 22 to 28. The program was prepared by Mrs. Carl Stadler. Just enough plans were divulged, by Mrs. Farmer's able committee, about the garden market to arouse keen interest in the coming event, Saturday, May 26. The paper for the afternoon was prepared by Mrs. C. E. Piper and read by Mrs. Robert Johnson. Her subject, "The Pageant of Daffodils and Tulips" was beautifully arranged in three acts. The earliest history of the plans was traced to the present date. Colored pictures were used to illustrate the different varieties and color combinations were well given. Mrs. Piper's paper, because of the uniqueness of the arrangement and its comprehensiveness, contributed largely to a valuable afternoon.

PICK UP MAN CARRYING BURGLAR'S OUTFIT HERE

Police Arrest Colored Youth In Rear of Cleaning Establishment

Raymond Green, 21, colored, of Evansville, Ind., found carrying a jimmy, screw driver, and pliers, was picked up about midnight last Thursday, in the rear of the John Zengler Cleaning establishment at Highland Park by Patrolman Peter Loesch.

Green stated that he had dropped in back of the place to go to sleep. He was sleeping, so he told Chief of Police Edward Morney, at the time of his arrest but he failed to explain why he was standing up instead of lying down while in the arms of Morpheus.

He explained his jimmy, screw driver and pliers by stating that these were incidental parts of his tool kit kept for the purpose of aiding him in the pursuit of an honest dollar now and then.

EXPECT PAVING TO BE COMPLETED THIS YEAR

Paving of Milwaukee avenue, between Libertyville and Gurnee, a strip of five miles, appeared very probable for this summer's program under the \$100,000,000 state bond issue, it was learned late last week from R. M. Lobdell, county superintendent of highways, who reported that the committee from the board of supervisors had almost cleared up all objections along the right of way.

This committee, Supervisors Ira Holdridge, Frank Stanton and Frank Cory, who had been appointed by Supervisor Thomas Murphy, chairman of the board, visited five of the six objectors along that highway Thursday.

They advised these objectors, it is understood, that condemnation proceedings would be filed in court today if objections were not removed.

FUNERAL OF MRS. BOYDEN IS HELD IN WINNETKA

Funeral services were held Saturday afternoon at 2 o'clock for Mrs. William Cowper Boyden, 725 Pine street, Winnetka, who passed away suddenly in Washington, D. C., Thursday morning. The services were conducted by the Rev. James Austin Richards in the Winnetka Congregational church. Burial was at Graceland.

Mrs. Boyden was an outstanding figure in Chicago and north shore charitable and social affairs for many years. She passed away a few hours after she was stricken with apoplexy. With her at the time in their suite at the Mayflower hotel was her husband, a member of the law firm of Fisher, Boyden, Kales and Bell, and president of the Chicago Bar association in 1926, who had been in the capital on business.

Mrs. Boyden was a native of Chicago. She was the daughter of Preston Burlingham.

ZION FIRST IN COUNTY TO VOTE CITY COURT

The city of Zion is to have the first city court in Lake county. This fact became established Tuesday when the proposition of establishing a city court in Zion was carried by the overwhelming majority of 1291.

The law provides that a three-fourths vote must be cast in favor of the city court before it can be put into effect. The vote in Zion was considerably more than four to one for the proposition.

The next step that will be taken in the establishment of the new court in Zion will be the calling of a primary or convention to place candidates for judge and clerk in nomination. It then will be necessary to call a special election as under the law the city court judge and clerk cannot be elected at any but a separate election.

There has been considerable agitation for a city court in Waukegan but as yet the matter never has been brought to a vote.

LAKE CO. TEACHERS ARE PRAISED BY EDUCATOR

The fact that Lake county has 54 per cent normal school graduates as teachers in rural and village schools and the fact that T. A. Simpson, county superintendent of schools, closely supervises the work has placed Lake county at the head of the 101 counties in Illinois and set it out as an example in educational development, according to U. J. Hoffman, assistant to Francis G. Blair, state superintendent of public instruction.

He visited Gurnee, Wadsworth, Wilson and Hawthorne schools last week along with Mr. Simpson and other educators of the North Shore.

NORTHWESTERN CARS BEING PAINTED GREEN

All Coaches Except Those In Suburban Use; Change From Long Custom

The old familiar coat of yellow paint which had distinguished the coaches of the Chicago and North Western Railway for the 81 years of its existence, is soon to be a memory of the past. Henceforth all through equipment is to be painted a standard Pullman green, according to an announcement by C. A. Cairns, Passenger Traffic Manager.

This action by the North Western upsets a tradition which has existed since the establishment of the road in 1847, but times have changed and the officials find the famous yellow color is no longer advisable for through equipment.

Two reasons are ascribed for the change. One, that the trains carrying Pullmans and also yellow coaches present a "spotted" appearance, and this is objectionable to the eye. Another, the increasing difficulty in keeping the yellow paint looking as clean and neat as the cars of Pullman standard dark color.

DEERFIELD GRAMMAR SCHOOL District 109 April 23, 1928

An effort is being made throughout the state to decide upon a state bird. The schools have been asked to help in this decision. The following is the result of the vote in the 4, 5, 6, 7, and 8, grades in Deerfield Grammar school. Blue Bird, 67 votes, Oriole, 42 votes, Cardinal 41 votes, and Meadow Lark 40 votes.

Friday, April 20, being Arbor Day, the children cleaned the school yard. Each grade worked fifteen minutes on a certain portion of the school yard allotted them by the principal. The work was so well done that the janitor said, "There is not even a small piece of glass to be found." Since this was so successful, the principal is planning another cleanup day just before school dismisses for the summer vacation.

There will be no school on Wednesday, May 2. This day has been set aside as Visiting Day for the teachers. Each teacher will visit some other school and see what is being done, as well as get new ideas on how to do her own work more efficiently.

Pupils in grade 4A are making a study of writing Dramatizations. At present they are working on a story called "The Tree."

Ross and Jack Lewis, from the Pierce school, Chicago, have been enrolled by transfer in the first and third grades.

The music contest between Mrs. Thormeyer's Room and Miss Nygard's Room resulted in 42 points for Miss Nygard's Room and 45 points for Mrs. Thormeyer's Room. The principal, Mrs. Thormeyer and Miss Nygard acted as judges.

The children in the 5th, 6th, and 7th grades are writing plays for the music classes.

Springtime Springtime is here to stay, The Winter's gone away.

Robin with ruddy breast- Hea come to build a nest.

Bluebird with cherry song, Will fill the whole day long With happiness and cheer, For the Springtime is here.

By Grec Sherman, Grade 8.

Spring I wandered one day to the brookside, Again freed from Winter's icy hold; The violets and the anemones Shot out their little heads so bold.

A Meadow Lark called from the meadow, A Robin warbled forth his cheery song;

I rejoiced at the coming of Springtime, As I had waited for it so long.
