Learn to play the Accordion. This instrument can be mastered very easily if you go to the proper teacher. Our teacher is a pupil of Piersanti, who is known as the World's Greatest Accordion Teacher. Give your child a chance to learn how to play this beautiful instrument. The demand for players of this type is very great. We teach at the Studio in the store, by appointment in the home of the pupils, or if you desire, at the residence of the teacher, who lives in Glencoe.
