### TALKS ON BOND ISSUE ROTARY CLUB FEATURE

At the regular meeting and luncheon of the Highland Park Rotary club at the Moraine hotel at noon Monday, the principal features were talks by Charles I. Harbaugh and Paul L. Udell on the county poor farm bond issue to be voted on May 15, and a talk by Walter McPeck, Boy Scout executive, on matters pertaining to his work. As a result of the latter's talk a committee was named to take up the matter of organizing a Boy Scout troop sponsored by the club.

Supervisor Harbaugh gave interesting explanation of the serious conditions existing at the county farm, where old and dilapidated buildings, condemned two years ago as unsafe by the state fire marshal and temporarily repaired, had outlived their usefulness and the need of new and modern structures was urgent. Supervisor Udell told of having visited the county farm with Mr. Harbaugh. He had taken notes on the situation and had found that conditions had not been exaggerated, as they were even worse, in his opinion, than described.

a wholehearted desire on the part of all to take action in all matters which would be to the best interests of the city and its people.

### Talk on Bond Issue

An interesting and instructive feature of the meeting was the explanation of the county poor farm bond issue proposition by Charles I. Harbaugh and Paul L. Udell, president of the Chamber. Supervisor Harbaugh told of the bad conditions existing in the buildings on the county farm and the need of new and modern quarters in place of the old, inadequate and unsafe structures which have done duty for so many years. He urged the necessity of a favorable vote on the bond issue plan.

President Udell stated that he had accompanied Supervisor to the county farm and had made a tour through the buildings to see for himself what the conditions were. He assured his hearers that the bad features had not been exaggerated in any respect and that they were, if anything, worse than had been described by Mr. Harbaugh. He was impressed with the urgent need of immediate relief in the matter of new buildings on the farm and urged support of the bond issue project.

Dr. George H. Mitchell, dentist, was admitted to membership in the Chamber of Commerce.

J. W. Simons reported on the work of the Community Chest committee, stating that all the necessary data had not been obtained as yet, but that it was expected that complete information would be in their hands soon.

Advertising committee—J. B. Garnett, Earl W. Gsell, Howard Moran, Clarence H. Witt.
