## WEEK-END RUNS

About now millions of motorists are setting out every week-end and Sunday for long or short runs, and many of them see much of the country.

Many of us will say that they will do quite as well to go to church Sunday morning. After they have had some thoughts lifting them up out of the grind of daily life, they will be in a mood to appreciate the beauty of the world.

The cautious driver finds himself none too popular on the road, and a long line of speeders are constantly tooting to get by him. They often shout at him to go faster. But if all drivers were like this careful fellow, many people would avoid hospital cases and lawsuits.

The purpose of a week-end run should not be to see how many miles we can cover. The object should be to see something of the beauty of this wonderful world. That is not best accomplished at speeds of 40 miles and more an hour.

## GOOD OLD JUNE

June is probably the most popular month in the year. No orthodox poet ever tried to get by without writing a good "pome" on that subject. The brides say it is the best month to get married in.

The hot climates get the cream of summer weather, without the intense temperatures of July and August. The vegetation has the freshness of spring, and suffers not yet from the wear and tear of July and August droughts.

The cheerful sound of the kid element is heard from the old swimmin' hole. The June graduates appear with the girls in the "swellest dresses ever," and read essays in which they solve all world problems. Their advice is usually good, and should be taken.

The human race is frazzled in June, having worked hard all winter. Still vacation time is a-coming. June says the world is a wonderful place, and we should be happy in it here on the North Shore.

## GARDEN MARKET IS SUCCESSFUL AFFAIR

The annual Garden market held May 26 was unusually profitable despite the cold rainy weather.

The committee feel deeply indebted to the club members who gave so generously of their products, time and talents.

The bird stakes made and donated by Mr. Richard B. Patterson was one of the many features of the market.

The outstanding donation of ten evergreens of various sizes and species came from Clavey's nursery.

The following firms and individuals made liberal contributions from their exhibits: The Rustic nursery, Highland Park; Franken Bros., and Kot-trash, Deerfield; Bahr and Dreiske of Highland Park; Notz Hardware store, Deerfield Bakery, Mr. E. J. Ginter, Ginter Gloves, the Boy Scouts through their leader Rev. Mark J. Andrews devoted their services and bird houses, four of which will be placed in Journal Place Park; Mr. William MacDonald from the Lake Co. Lumber Co., loaned his trucks to haul the tents to and from Fort Sheridan. Many thanks are due Captain Hauck of Ft. Sheridan who made it possible to have the tents, also the American Legion men who pitched the tents, and Mr. Neville the school guardian with his ever helpful hand.

Indeed the spirit of co-operation and assistance with the generous interest shown by the public made the market day of value to all. The proceeds will be used for civic work in the club.—Mrs. Richard R. Farmer, chairman, Mrs. Frank O'Connor, Mrs. William MacDonald.
