

Have You Heard Low "C" in the Bass Clef on a RADIO?

Majestic

New 1929, 7 Tube
A. C. Electric

MODEL 72
COMPLETE **\$193**

Surely you have never known a greater offer than this. A 7-tube A. C. all-electric radio, complete with Majestic power unit, seven tubes and Majestic **dynamic** power speaker in a beautiful walnut-veneered cabinet. Front panels and doors of cabinet are matched burl walnut veneers.

A simple, **one-dial** set, so constructed that a child can secure remarkable results, yet with sensitivity so great that the Majestic, under actual tests, has "out-picked" and "out-distanced" anything else on the market.

Victrolas with You on Your Vacation

And at the North Shore Music Shop you can secure the Majestic on special credit terms — dignified, generous and simple. A low down payment delivers the set. Never before on the radio have you been able to hear the low pedal notes or the highest reed notes of the pipe organ. And therefore you have missed faithful full scale reception of that most comprehensive of all musical instruments. The deep, resonant, booming pedal notes of organ music are projected at a vibration so low that you must feel rather than hear them.

And the high-pitched, eerie, distant reed notes have been out of the scale for radio reception.

Now you get them all. Now you get full reception — clear, true, undistorted.

The marvelous new Majestic, with its wonderful **dynamic** power speaker, takes all the notes of every musical instrument, eliminates the shrillness that too often has made a soprano voice unattractive, brings faithfully all the tones and inflections of voice and every instrument.

With the new Majestic you easily distinguish various instruments in an orchestra.

Words cannot tell the story of this beautiful, wonderful radio. You must treat yourself to the thrill of hearing it.
