This event will include a large field of stars, Al Espinosa, Bob McDonald, Jack Hutchinson, Laurie Ayton, and many more of the leading golf professionals in the Chicago district.

COURT DECIDES CASE AGAINST V. C. MUSSER

Holds That Money Paid for Special Should Be Refunded; Details

In the suit of Olaf Lindblom vs. V. C. Musser to force Mr. Musser to repay to the city \$4,107.61, paid him for extra services in special assessment work, Judge C. C. Edwards, last week in circuit court, held that while the appointment had been in good faith and the money legally earned, nevertheless because the statute in reference to commission form of government prohibits the city from making contracts with its employees in addition to their regular services, it was necessary under the law for him to hold that the payment was illegal and that the refund should be made.

The court made it clear that there was no intimation of fraud either in the appointment of Mr. Musser to do the work or in anything else in connection with the case, the whole matter turning upon the legal technicality in the case. Attorney Bulkley of Waukegan, representing Mr. Musser, filed notice of appeal and was given 30 days in which to prepare it. The plaintiff, Olaf Lindblom, was represented by Atty. E. S. Gail of Highland Park.

Corporation Counsel B. E. Schumacher states that both he and the city officials have throughout felt that the money was fully earned by Mr. Musser in the premises and that he was entitled to it.

Results of Indoor Baseball Games in Past Week; Standing

In the biggest upset of the season Tuesday evening, the Nash-Ford indoor team trimmed the league leaders, Fell's Clothiers. The score was 8 to 4. The Nash aggregation are down in the cellar but always put up a fighting, peppy game. In their Tuesday night victory, this truly spelled defeat for the Clothiers.

Monday night featured another upset when Larson's Stationers handed the Highland Park Press a 2 to 1 setback. It was one of the best contests of the season, being a pitchers' battle between "Tillie" Martin of the Press and Dick Hammond of the Stationers. Martin fanned nineteen batsmen, but his mates were equally weak at the plate, Hammond whiffing a goodly number.

Public Service Team Wins

Last Thursday, led by Charlie Wakes' superb twirling, the Public Service defeated Larson's Stationers, 5-2. It was a fine ball game, both pitchers having wonderful support.

Games this week are: Thursday, July 19, Anspacher Realtors vs. Public Service; Monday, July 23, Anspacher Realtors vs. H. P. Press; Tuesday, July 24, Public Service vs. Fell's Clothiers; Thursday, July 26, Nash-Ford vs. Larson's Stationers.

PARADE TONIGHT TO OPEN HIGHWOOD FETE

Big Carnival There to Last for Three Days; Many Interesting Features

The Highwood Chamber of Commerce plans on parading tonight through the towns of Highwood, Highland Park, Glenwood, Deerfield and Lake Forest, to advertise their carnival which starts tomorrow evening and runs through Sunday evening. All automobile owners who wish to participate in this parade are invited to meet at the city hall in Highwood at 7:00 p. m., where they will be given banners to drape on their cars. The Nash sedan which is to be given away on Sunday evening, will lead the parade.

Through the courtesy of Mr. Biagi of the Biagi Music school of Highwood, we will be furnished with a sixteen-piece band, and will be mounted on a float furnished by the International Harvester company of America, of Chicago.

A very enthusiastic meeting was held on Monday, July 16, and the chairmen of the different committees reported that everything is in readiness. Several outside concessions which wanted to participate in this carnival were refused, due to the fact that the local members of the organization are giving the merchandise at cost and they could not see why any outside business concerns should come in for a profit.

A number of Highwood girls are working very hard and promise to give their full co-operation at the carnival for three days. Miss Anna Brandisio has been with the Nash sedan at the various places of display and explaining that this is to be the grand prize at the carnival which will be one of the greatest events ever held in the city of Highwood.

Everyone is invited to attend and boost this carnival as the proceeds will go for the benefit of playground and beach equipment which the children of Highwood, Fort Sheridan, and the northern part of Highland Park need very badly.

There will be dancing on Friday, Saturday and Sunday evenings, and on Sunday afternoon, at 2 o'clock, Mr. Biagi and his band will render a concert.

Every business man in Highwood has been asked to display flags for the three days. The grand prizes will be given away Sunday evening. Admission will be free. Everybody is welcome. This report is furnished by Ray Molendi, secretary of the Highwood Chamber of Commerce.

CHURCH WOMEN PLAN BENEFIT LAWN FETE TO PROVIDE SCHOLARSHIPS

Missionary Union of Presbyterian Church Holds Musicales July 31 at R. J. Beatty Home; Details

The Presbyterian women are planning for a musicale and lawn fete to be held on Tuesday evening, July 31, at the R. J. Beatty home. Proceeds for student aid scholarships.

"What to bring from home—Each boy should bring with him two pairs of overalls and jumpers, three work shirts, one pair work shoes, one pair dress shoes, one pair rubber-soled shoes, one suit of clothes for school, one fur Sunday, three changes of underwear, two white shirts, socks, handkerchiefs, ties, two pairs pajamas or night shirts, toilet articles, and towels."

Practical Courses

Sounds like business doesn't it? Tuxedos? Golf clubs? Riding breeches? Well hardly. This list is taken from the catalogue of the Farm school down in North Carolina, where each year the list of clamoring applicants grows and the need for assistance increases. And so it is with the Home School for Girls which was founded there first, where education was at a low ebb, conditions unprogressive, and money scarce. To help these young people and others in schools from Alaska to Mexico, the women of the Missionary Union of the Highland Park Presbyterian church work earnestly all through the year, expending nearly \$3,000 annually.

Benefit Affair

That the work may go on and increase, a delightful benefit has been planned for the evening of July 31, in the beautiful home and gardens of Mrs. R. J. Beatty, whose inspiration it was and who is arranging the details. A very full announcement and the program will appear in next week's Press, but she desires that we may know about it and keep the thing free.

Many Highland Park residents have seen the gardens, have heard programs in that lovely drawing room with its stage beside the fireplace, so ideal for the purpose, and now there will be an opportunity for all to enjoy the privilege. The fete is to be open to the public and tickets, which may be purchased from Miss Ada Moore, 812 Waverly place, and at the Community shop.

Begins at 8:00 P. M.

It is hoped that all will come at eight in order to get the benefit of the daylight which remains and to witness the lovely interpretative dancing on the lawn, which will be a feature of the early evening. At nine all will adjourn to the house for an hour's musical program by the following well known artists: Margaret Sweeney, the gifted solo harpist of the Little Symphony orchestra; Linda Sool, violinist; Clara Adgrona, pianiste, and Antonio Guerera, cellist. Refreshments will be served throughout the evening and informal dancing on the portico following the musical program, will be a feature.

Thus, you see, it will be an evening of enjoyment for young and old alike, for music devotees and garden lovers. To enhance the festivity, all who wish are urged to come in costume. The co-operation and support of the good friends in Highland Park will greatly benefit this worthy cause.

DOLLAR DAY SALE HERE SET FOR AUG. 10 - 11

Attention is again called to the scheduling of Aug. 10 and 11 as the dates of the next dollar day sale in Highland Park. The business men of the city with the co-operation of the Highland Park Press are planning to make these two days the biggest two days in the city's history in the matter of bargains and the splendid success of the last dollar day effort augurs well for the success of this one.

NEW LIBRARY SERVICE OPENS OFFICES HERE

One of the new industries identifying Highland Park as national headquarters is that of the Process Bookplate company, an organization specializing in high grade bookplates of standard and special individual designs. Arrangements are being made with several of the country's foremost artists and typographers to execute special orders from book owners.

The standard bookplates, which will carry the name of the buyer, are very attractive and unusually moderate in price, and range from plain color to two or more, a very pleasing effect. The company has a temporary mailing address at P. O. Box 395, Highland Park, and inquiries addressed to that number will be promptly taken care of, either by catalog or by salesman as requested.

VARIED PROGRAM AT RAVINIA NEXT WEEK FOUR DRAMATIC OPERAS

Second National Concert; Children's Carnival and Many Other Attractive Features Scheduled

It would seem that in arranging the repertoire of Ravinia Opera and Concerts for the fifth week of the current season, which begins Sunday afternoon, July 22, Mr. Eckstein has found it possible to meet every variety of operatic taste.

The schedule for this period shows four dramatic operas, two light operas, and a number of which, although rich in the element of drama, is best described as spectacular opera.

Two of the works on this list are by Puccini and it is coincidental that two of them should be based on plays by the great French dramatist, Sardou. It is of equal interest that three of the works which are to be heard during Ravinia's fifth week, were tremendous dramatic successes long before they were adapted for operatic purposes.

Dramatic operas

The dramatic operas in question are "The Masked Ball," "Madame Butterfly," "Tosca" and "Fedora." Of these, neither "Tosca" nor "Fedora" have been presented before this season. "Martha" and "Fra Diavolo" are representative of the best of the lighter operas, while "Samson and Delilah" with its magnificent stage pictures, is the spectacular work to be performed. "The

BIG LEGION CARNIVAL DEERFIELD, JULY 28TH

Indications are that the big carnival to be staged by the Deerfield American Legion post on Saturday, July 28, will be one of the most successful affairs of the kind to be held on the north shore this summer. Many interesting and attractive features are being arranged for, including a Ford Fordor sedan as the principal prize. Dancing will be in Pete Juhrend's garage, rain or shine, and as the carnival will be held in the field adjoining, many of the features will be carried out regardless of weather conditions, as the garage can be utilized in case of rain for these events. Numerous prizes for various events are promised and a great time is in prospect. Highland Park people are cordially invited to attend.

CHILDREN IN PERIL FROM SPEEDING CARS

The following is contributed with request that it be printed:

From early morning till late at night cars speed through Oakwood avenue so fast they look like mere streaks. Just lately they have killed or maimed two dogs three squirrels and a cat in one block alone.

The cat, a mother with four unweaned kittens at home, was just leaping to the parkway when the speeding driver either too careless to swerve or unable to turn aside at the speed he was going, struck her. The poor thing's tail was cut off leaving two inches of bone protruding, she is pitifully hurt.

We residents of Oakwood avenue are naturally fond of our own and our neighbor's children as well as their pets and we protest that a narrow residence street should be a speedway. When cars get the swift moving animals by the half dozen in one block, what chance has a tiny child that might stray off the parkway?

GARDEN PARTY AND MUSICALES PLANNED

A very fine modernistic musicale is in contemplation. Further announcement of the program will follow in the Press later.

CITY GETS BIDS ON GREEN BAY PAVING

PLAN TO WIDEN STREET

Objections Overcome and Ready to Go; May Award Contract Next Week; Low Bid Is Over \$111,000

With all obstacles cleared up in court so far, the city is now ready to proceed with the paving of North Green Bay road, and with this in view the board of local improvements, at the regular meeting of the city council and board Monday evening, received bids for the improvement.

There were three bids from the following contracting concerns: The North American Construction Co., the Highways Construction Co., and the E. A. Meyer Construction Co. The latter was the lowest bidder with something over 111,000 offered. The bids were placed on file for public inspection, and it is probable that the contract will be let at next Monday night's meeting of the council, unless something occurs to prevent such action.

Ready to Start

The improvement has been in the preliminary stage for months, and for a time was held up by objections in court to some of the assessment rates. However, it is reported that all these difficulties have been cleared up. The public utilities having lines of mains, etc. in the street, have been busy in the last week or two making the necessary changes and installations before the paving work is started.

The new pavement will be thirty-two feet wide and of concrete with curb and gutter included, according to original specifications, it is understood. The condition of the old pavement has been bad for some time, and the widening of the street is one of the improvements which will be welcomed by all who use this thoroughfare.

At this meeting Frank Laing was appointed to spread the assessment for the Greenwood Gardens subdivision system of sewers, and payments were made several contractors on estimates of work done and labor used.

FOR TRACK DEPRESSION

That Highland Park is co-operating with other North Shore towns in the matter of steps in the direction of securing railroad track depression is indicated in the action of the council at this meeting in the employment of engineers to aid in the preliminary survey in which Highland Park, Glenwood, Winnetka and Wilmette are interested.

There has been much discussion in all of these cities regarding the measures to be taken to obtain the desired result in the matter of placing the railroad tracks where they will be least dangerous and inconvenient, and the towns from Highland Park to Chicago are working together with a view to outlining a plan which will be acceptable to all concerned, including the railroad companies.

Take Long Time

The proposition which is being worked on is to lower the tracks of both railroads from Highland Park to Wilmette, and it is well understood by all interested that it will be a long-drawn task, as there are many and serious obstacles to be overcome. However, it is expected that through the co-operation of all the towns interested some workable plan may be prepared.

Bonds of city employes for the fiscal year were presented and approved, and redistribution of special assessments in certain instances were provided for. There was some discussion of the injunction suit brought by former Mayor Hawkins through his attorney, E. S. Gail, to halt the filtration plant from its present location on the beach, but no definite action was taken, and this matter is still under consideration.

PARK BOARD MAKES SEASON DANCE PRICE

Here is a dancing bargain, or a bargain in dances, or what have you? Anyhow, lovers of the dance will not be slow to take advantage of the privileges offered by the Park Board committee in charge of the weekly dance program at Sunset Park, when they learn that the committee in order to give the Highland Park public the best possible entertainment of this kind at the lowest possible price have decided to make a flat season rate. The committee is composed of L. B. Rigdon and C. H. Witt, and they have charge of dancing activities at the park. Season tickets may be obtained at 543 Central avenue or at the office in the park. Refreshments are on sale in the park.
