North Shore Trust Company

GANTOR AND INMAN IN H. P. OPEN FINALS

(Continued from page 1)

hoping that there will be nothing to prevent this, as his presence will be a stellar feature.

Espinosa Enters Al Espinosa has made arrangements to play in the tourney, Mr. Brady reports, and Espinosa's entry is already on file.

The North Shore Open is an annual event and each year it grows in interest. This is the first time it has been played on the Sunset Valley course, and it is expected that the number of entries will exceed that of previous years.

Golfers are urged to send in their entries to Superintendent E. M. Laing and help make this North Shore event a fine success. Do not forget the date, August 8. Many of the Chicago district pro-golfers are expected to tee off in this tourney, and it will be worth seeing.

Attendance Large Attendance at Sunset Valley course during the past week and on Sunday was large, as usual. There appeared on one page of Sunday's registration the names of persons from New York, Seattle, Oklahoma, St. Paul and Atlanta. Earle McPherson of Detroit, Mich., formerly of Highland Park, played the course last week.

The party who has a habit of cutting up the greens, presumably when a putt is missed, is again playing the course, it is reported, and it is suggested that perhaps a cranial operation might help some.

Professional Busy Bill Kelly professional at Sunset Valley Golf club is being kept busy. His appointment book is filled each day. Those wishing to become more proficient in the royal and ancient game, should take advantage of Mr. Kelly's instructions. Bill knows the game and can impart his knowledge in a way you will understand. He being rated as one of the leading golf instructors, Sunset Valley is fortunate in having such a professional.

ENTERS 7TH WEEK RUN IN CHICAGO

"Good News" Attracts Many; Is Tuneful Musical Comedy

It is "Good News" indeed, to all lovers of that which is best in musical comedy, to announce that this happy, snappy, funny, fast-stepping and most tuneful musical comedy, which carries with it sparkling youth, fresh and clean comedy and toe-ticking melodies is still playing to capacity houses, despite the fact that it is now in its seventh month of its engagement at the Selwyn Theatre, Chicago.

Of the performance itself, each and every member of the cast, the large chorus of happy boys and girls both of whom are cheerfully aided in their singing and dancing by the famous Abe Lyman (himself) and his justly popular orchestra.

The story of "Good News" deals with college life in football season and the many situations, as the tale unfolds, bring us, of the older generation back to our boyhood and girlhood days and to those just starting out on the highway of life, creates an interest which is not only altogether satisfying, but in its realism very true to life and highly entertaining and diverting.

The various musical numbers have become familiar to almost everyone who possesses either a radio or a victrola, so popular have they become for either vocal or liting dance melodies, the most popular being "The Varsity Drag," "Good News," "The Best Things In Life Are Free," "Lucky In Love," "On the Campus," "Flaming Youth," "Happy Days" and "Just Imagine."

Each and every member of the cast fit their respective roles with a glove-like nicety and includes Jack Haley, Dorothy McNulty, Joseph Allen, Max Hoffman, Jr., Betty Gallagher, Peggy Bernier, Katherine Morris Dorothea James, George Schiller, Edwin Michaels, Barry Walsh, Ralph Sanford and not forgetting the Forty Flapper Freshies.

You can actually secure the best seats for "Good News" at the Selwyn Theatre box office or by mail if you order well in advance. We want to serve you and the matinees are Thursday and Saturday.

FINE CAST REMAINS SAME IN LONG RUN

"Excess Baggage" the thrilling drama of backstage life which has broken all records in long runs goes into its 23rd week at the Garrick theatre next Sunday night.

The stark realism, the quiet humor, and manner in which this story is presented to the public are some of the reasons for its remarkable success in Chicago.

The excellent cast remains the same headed by the inimitable James Spottawood, Pauline McLean, Charlotte Learn, Albert Downing, Dorothy Martin, continue with Karl Huebl a new member added to the cast playing the Motion Picture producer Herbert Crammon, and William Boren in the part of Val D'Errieo the Motion picture actor.

Overdrafts Forbidden by Bank Examiners

Both State and Federal Bank examiners have ruled that banks must not allow overdrafts. In fact, in some states laws have been enacted making it a misdemeanor punishable by a heavy penalty, to draw against an insufficient balance.

It is the duty of the Depositor to see that his balance is sufficiently maintained to meet outstanding checks. The bank is not obliged to notify him when his balance falls below the required amount.

The quickest way for a man to ruin his credit is to draw checks for more than his balance. The check is returned N. S. F. (Not Sufficient Funds). The party you gave the check to is upset, sometimes embarrassed, and your credit gets a "black eye" which will take many days to heal. Always make sure you have a sufficient balance to cover all checks that you write.

HIGHLAND PARK STATE BANK

The Old Reliable and Progressive Bank

GASOLINE PRICE IS INCREASED ONE CENT

The Standard Oil Company of Indiana announced Tuesday that effective Wednesday morning the price of gasoline and kerosene in its entire territory would be raised one cent a gallon.

"This adjustment of selling price," a formal statement from the company said, "is made necessary by the increased costs of crude oil and a decrease in realization from industrial pure oil."

Several crude oil companies have announced advances in their commodity recently.

JULY MARRIAGES IN COUNTY BREAK RECORD

More Than 500 Reported by the County Clerk; Total for 8 Months Also

County Clerk Lew A. Hendee reports that there was an increase in the number of marriage licenses issued in July of this year in comparison with the same month a year ago, while there is also an increase for the eight months of the present fiscal year over that of the corresponding period last year.

At noon Tuesday with still several hours to go, the records in the office of County Clerk Hendee showed 500 couples to have been licensed to wed since July 1. Last July 497 marriage licenses were granted.

The fiscal year for the office of County Clerk Hendee starts on December 1, and ends on November 30. During the eight months in this fiscal year, according to the records of the county clerk, 3,355 couples procured licenses. During the corresponding period a year ago, 3,255 couples appeared. Thus there has been an increase of 100 licenses.

There was a decrease as usual, in July, compared to June. All records for the local office were broken in June when 643 licenses were issued, an increase of 59 over the previous high mark. June, however, is the banner marriage month of the year and somewhat of a decline is expected to follow in July.

Cupid is faring much better in Lake county this year than in Chicago. The county clerk in Cook county reports steady declines in marriage licenses this year compared to a year back.

NOTICE OF BONDS CALLED FOR PAYMENT

The holders of A. O. Fay Lodge No. 676 Ancient Free and Accepted Mason's Bonds dated September 1, 1924 due serially are hereby notified that the entire issue is called for payment September 1, 1928, that interest on the said bonds will stop on that date.

MASSACHUSETTS MAN HEADS HARDWARE ASSN.

Hardware merchants of the nation closing the annual congress of the National Retail Hardware association in Boston, chose Oklahoma City for their 1929 convention and elected managing director.

More intimate acquaintance with the hardware wants of his community should enable the local merchant to outstrip chain store competition, E. M. West of New York said in the final address of the convention. A dependable source of supply is more important than low prices from the wholesaler, he advised the dealers.

FATHER KILLED AND SON BADLY INJURED

Fatal Accident Near Wauconda Saturday Night; Elder Man Dies Monday

A father and son, William Hoelscher, 50, and Rudolph, 25, of 4232 North Moody avenue, Chicago, were seriously injured sometime Saturday night or early Sunday morning in an automobile accident on the Rand road at McMann's curve, two miles north of Wauconda. The father died Monday and the son is in critical condition and physicians express fears that he will not survive.

Their machine left the road, crashed into a telephone pole and landed in a ditch some 35 or 40 feet away, bottom side up. The men were pinned underneath the machine. Fog and wet pavement are believed to have caused the accident.

Discovery of the accident was made Sunday morning about 2:30 o'clock by two Cary men, Howard Freeman and J. Hogan, who were returning from a dance at McHenry. They noticed the overturned machine in the ditch when they drove around the curve and upon investigation found the two men pinned underneath the car in an unconscious state.

BRITISH NAVY'S AIM TO MAINTAIN PEACE

Writer Tells How It Guards Far-Flung Trade Routes; For World Benefit

The purpose and scope of the British Navy as an efficient means for preventing war, was the subject of a series of lectures given recently in London by Commander Sereld Hay on behalf of the Navy League on the occasion of the exhibition of model ships prepared by the Royal United Services Museum.

Commander Hay showed how ships of the navy are used in guarding the far-flung trade routes of the world, along which the increasing interchange of merchandise keeps not only the British Isles but all other nations supplied with necessities, and he pointed out what happens when these trade routes become disorganized by any such emergency as war, indicating the peculiar importance of the naval service in the composition of the British Commonwealth of Nations.

WANTS FIREARMS SALE STRICTLY PROHIBITED

Cincinnati Chief of Police Believes It Would Reduce Crime

Prevention by the Government of sales of machine guns, hand grenades, tear gas bombs, and other weapons to persons not members of police departments was urged by William H. Jackson, former chief of police in Cincinnati, in Milwaukee recently to attend the convention of the International Secret Service association.

Mail order sales of such weapons as these and other instruments of terror and destruction are equipping gangs of criminals in Chicago, East St. Louis, and other cities, Mr. Jackson said. "They should be prohibited by law."

"The ease with which deadly weapons can be obtained is a decided encouragement to the most flagrant crime," Mr. Jackson said. "In England and many other European countries, only police officers are permitted to purchase machine guns and the governments keep a record of each gun sold."

SAYS HOOVER AMONG PLANETARY THINKERS

Not Narrow in Views but Thinks in Terms of World Welfare, Says Educator

Herbert Hoover was styled a "planetary thinker" by Dr. John H. Finley, an editor on the New York Times, in the commencement day address at Stanford university, California.

"It is your great, though precarious, privilege," said Dr. Finley, "to enter the world when it requires more than all else planetary thinkers, men and women who will think not in the sense of nationalism or internationalism, but who will regard the planet, earth, not only as the Lord's but also as ours, the whole of it, to enjoy from pole to pole and around the other way."

"Your president, Dr. Wilbur, and your most distinguished graduate, Herbert Hoover, illustrate my meaning more than any other living Americans, for these two are the foremost planetary thinkers of this new age. "In the new America which our pioneer fathers fought to make independent and keep one and indivisible, we had to shun world entanglements. But to live permanently as an anchorite is to make futile all this preparation and hard-ship which could, after all, but be as damnation to one conscious of the possible redemption of others."

BAR ASSOCIATION APPROVES PAROLE

Maryland Organization of Lawyers Also for Probation; Reduce Crime

Indorsement of probation and parole system as tending to reduce crime, and demand for more stringent qualifications for admission to the bar, were expressed by speakers before the thirty-third annual meeting of the Maryland State Bar association recently at Atlantic City.

In the report of the committee on law, presented by George P. Bagby of Baltimore, it was recommended that the association work for repeal of the present Maryland state law under which no newspaper reporter can be compelled to give information as to the source of news stories.

G. Ridgely Sappington of Baltimore, chairman of the committee on legal education, urged that the entire matter of requirements for admission to the bar be placed in the hands of the Court of Appeals of Maryland. At this time, only a high school education or its equivalent is required preliminary to study of law in Maryland, it was said, and this has resulted in admission to the bar of many who were declared unfit for practice. It is proposed to require at least two years of college work in addition before studying law.

More widespread teaching of the United States Constitution in schools was advocated by Charles McH. Howard of Baltimore, retiring president.

The Wife's Audience

After a woman is married her husband is the audience to which she plays, says a successful wife in Farm and Fireside.

Idleness Breeds Boredom An active woman stands less chance of making a hash of her life than a bored one.—The American Magazine.

Independent Business Business, a modern business man has declared, never was as dependent on politics as people thought it was.—The American Magazine.

SUNSET BULLETIN

Bathing Beaches

Many availed themselves of the use of the beaches during the past week. Thirty children from the Crane Fund Home for Widows and Orphans enjoyed the Central beach on Monday. This home is located at Wheeling, Ill., and is supported by the Crane estate. The school has eight grades; the visiting children were from the lower grades and in charge of Mr. Carpenter.

Sunset Wood Dancing

The Thursday dance was enjoyed by many, those attending were a fine lot of young people who conducted themselves in a highly commendable manner. One dollar pays for the season's dances, twenty cents pays for the single evening if you do not secure the season ticket.

Sunset Wood

Tennis is now in the fore at Sunset Wood, children and grownups both find enjoyment on the court. The children's wading pool is an attraction that brings the little ones to the park daily. Mildred Artis is back on the job again after undergoing an operation.

Miss Artis is quite popular with the little ones.

Mrs. Cox is kept busy with all the activities that are scheduled at the playgrounds.

Mr. Copp is constantly planning some new and interesting feature for the playground attendants, see his schedule for the next week.

The bowling green has been re-rolled, try it out, you old boys.

Jones and Leonard Win

Last Saturday the boys doubles tournament at Sunset Park was won by Tom Jones and Gordon Leonard in straight sets by defeating Manard and Ball. Loomis and McClure defeated Fell and Gosweller for third place.

Last Wednesday Boy Scouts troop No. 35 of Ravinia defeated troop No. 31 of Highland Park in the first Scout league game of playground ball. On Wednesday, Aug. 1, Troop No. 33 of Highland Park and Troop No. 37 of Highwood will play at Sunset park.

Beach Party and Corn Roast

On Tuesday evening the playground councilors from Ravinia and Highland Park met at the Ravinia beach for a corn roast. The councilors have been doing very good work this summer so the Park board has taken this way to thank them.

Last Saturday the group at Sunset park spent the day at the playground in a treasure hunt. The girls treasure was found by Miss Florence Smith and Norman Evans after a diligent search found the boy's treasure.

Hanson's Junior baseball team was defeated by the Ravinia team at Sunset park last Friday.

Tuesday Fell's Juniors meet Hanson's and on Friday Ravinia Juniors meet Fell's.

The handwork at Ravinia and Highland Park is coming along nicely. Wooden toys and basket making have been the most popular work so far this year, but the leather work will start in the near future and we are sure this will draw many.

Saturday's Hike

The Sunset Wood playground group will have a nature study hike to the Clay Cliffs Saturday morning. Bring your lunch and bathing suits. The younger children are asked to bring their lunch and spend the day at Sunset park where they will have games. Miss Artis will have charge of this group.

Girls' Tennis Tournament

The girls first tennis tournament will be held at Sunset park Saturday, Aug. 4 at 2 p. m. This is to be a girls' open tournament. Entry fee is twenty-five cents. Register at the East Park Board office, telephone H. P. 2763 or with Mrs. Cox at the park. Entries close at noon the day of the tournament.

On Saturday the Ravinia hikers party went to the Forest Preserve south of Braeside. After a nature study hike, the children cooked and ate their lunch in the woods.

Coming Week's Events

Every Thursday afternoon a group of children are taken to the Ravinia opera to the Special Children's concert. The group leaves Sunset park at 2 p. m. and returns about 5 p. m.

Don't forget the girls' volley ball game at Sunset park on Thursday evening.

Fell's Juniors meet the Ravinia Juniors at Sunset park Friday, Aug. 3 at 2:30 p. m. for a game of baseball.

The girls swimming group leaves Sunset park at 7 p. m., Friday.

Athletic Efficiency Test

Any boy or girl under seventeen years of age may compete in the athletic efficiency tests given at the playgrounds in Highland Park during the month of August. This test is the same as the one given by the South Parks of Chicago. The scoring system is based on a survey taken of 40,000 boys and girls of different ages and is one of the best in the country. The test is for all around development. Winners will be donated efficiency ribbons by the East Park Board.

The tennis courts at Sunset park are being used to full advantage these days. If practice means anything, it won't be long before the Davis cup is back in the United States.

A number of persons are learning to swim in the lake this summer. The water has been warmer this year. Diving is becoming very popular at the beach and the question now is not "Can you swim?" but "Can you dive?"
