

HOOVER IS BETTER FOR LIVING ABROAD

INCREASES HIS VISION

Strong Arguments That He Is Finer American Because of His Experience in Other Lands

Republican propagandists who ply their trade both by voice and pen are poised for a brief but active campaign to prove that Herbert Hoover, the Republican presidential nominee, has emerged from his world experiences a better American than ever should the charge of "foreigner" by hurled at him by the Democrats, according to an International News story from Washington.

While there appears to be no intention upon the part of Republican national committee heads to precipitate a debate it is asserted that they have prepared themselves to meet a challenge.

A vast fund of information has been drawn upon and compiled by skilled hands, it is understood. Party workers from various sections of the country have declared at headquarters, however, that Hoover's foreign residence no longer furnishes impotent campaign talk.

Political Prattle

"That was all political prattle before the Kansas City convention and it fell so flat that I don't believe the Democrats will dare to seriously raise the matter," said one worker. "It might be used in a 'whispering campaign,' however."

The four principal arguments which may be hurled at critics are:

1—Hoover has stood with those fighting unconditional cancellation of foreign debts and has held them to be honorable loans which Europe should redeem.

2—He was active in fighting the British rubber monopoly, and sponsored the Newton bill permitting American importers to combine to fight other foreign government monopolies of raw material.

3—The Department of Commerce under Hoover, expanded as never before in seeking foreign markets for American goods.

4—Testimony that the Hoovers, during their residence in London, never were really in British high society, because they insisted on too many "queer" guests—scientists and others who did not mix well.

Striking Example

A new statement by Hoover on the tariff also is being pointed to. In answering an editorial request he recited new commerce department figures to show that the American workingman's purchasing power is far ahead of all other nations. Comparative figures for common laborers are: United States 259; United Kingdom 160; Germany 112; Italy 110; Sweden 162; France 68; Belgium 65.

"I do not know of any exhibit that could be made that should be more illuminating to the employes of American industry," wrote Hoover. "Among the vital forces which have brought about this result and maintain it is the protective tariff. Also it is illuminating as to the higher purchasing power of American workers for the products of American farms."

FT. SHERIDAN TROOPS GO TO CAMP SPARTA

Four Units of Fourteenth Cavalry Leave on Hike Last Thursday Morn

Four troops of the 14th cavalry left Fort Sheridan last Thursday morning, en route to Camp Sparta, Wis. Part of the soldiers went north on Telegraph road to Bulkley road, then west to Milwaukee avenue. Another contingent of the troops used St. Mary's road to Bulkley road. This allowed the horses more use of the gravel roads. Next Saturday all the infantry stationed at Fort Sheridan will proceed by motor trucks to Camp Sparta, where they will remain until October 10th. Here they will join the 14th artillery, whose home base is also at Fort Sheridan. This is the first time since its establishment as an army post that Fort Sheridan has been denuded of troops, as only about 200 men are left there for detail work and quartermaster guard. On the way to Camp Sparta both the cavalry and infantry will join in maneuvers. When the troops return to Fort Sheridan in October, the cavalry, infantry and artillery will maneuver, and will create a lot of attention, as this is something seldom seen in this part of the country.

RAIN INTERFERES WITH FARM BUREAU FESTIVAL

Although a large membership of the Lake County Farm bureau gathered for its annual picnic at Diamond Lake last Wednesday the program was washed out by the rain that started early in the afternoon and continued through the day. Mrs. Ruth Hanna McCormick, candidate for congress-man-at-large, was one of the speakers.

The word "cat" has been dropped from the primary grades in the New York schools as too hard a word for beginners to learn to spell. We suggest as a substitute the word "Al."

COUNTY CONTRACTORS FIRST ANNUAL PICNIC

Held Recently at Gurnee and Is Success; Features of the Affair

The Associated Builders of Lake county held their first social affair since organizing in a picnic at the Viking home located in Gurnee.

About 100 persons attended the affair and heard Oscar Rosenthal, president of the state association of builders, speak on the subject, "Building."

In his talk Rosenthal declared "building is the work of God and in the planning and construction of new buildings men are working hand in hand with God toward the betterment of civilization."

His plea to those in Lake county who are interested in the building trades, was to make their work better, not for the monetary gain but for the benefit of the community.

During his talk, the president of the state association quoted many well known writers and poets who have said and written memorable things concerning building.

Following the talk given by Rosenthal, an entertaining program was held including musical numbers.

Violet Soderquist of Waukegan entertained with two readings; Pete Grimson of Highland Park played several numbers on the xylophone and a number of solos were sung.

LEAVES FALSE TEETH IN COURT AS SECURITY

Proceedings in Justice Bartlett's court at Libertyville were colorful and hectic the other day, with one defendant leaving a lower set of false teeth as security for his appearance and another being remanded to the county jail because of his inability to either pay a fine or post a bond in answer to a charge of driving a car while under the influence of intoxicating liquor.

Oliver Collor, a Chicago man, left behind his false teeth when he was brought before Justice Bartlett by Constable Ben Fisher, of Zion, on the charge of driving 58 miles an hour on Milwaukee avenue. He promised to appear before the court at a later date and left behind his lower set of teeth to vouch for this.

MAY CONDEMN SITE FOR WAUKEGAN P. O.

U. S. Treasury Dept. Planning to Take Legal Action to Get Higley Tract

The United States treasury department through the U. S. District attorney has started proceedings in federal court in Chicago to condemn the Higley tract, now in possession of the city of Waukegan, for postoffice purposes and notice of the action will be filed upon city officials within a few days. Postmaster Mancel Talcott, stated last week, following an extended conference with treasury and postoffice department officials in Chicago Thursday.

In the opinion of both the treasury and postal department officials the condemnation proceedings will be given an early hearing in court.

Contention of city officials that they will proceed with their plans for remodeling of the building on the Higley tract for city office and city auditorium purposes as soon as the present occupants vacate the premises on or about September 15, was regarded as somewhat premature by government officials. Many things can happen between now and September 15 to dissuade the city they declare.

FRANK R. KIMBERLY DIES OF INJURIES

Frank R. Kimberley of Barrington, but well known throughout the North Shore, died Tuesday in an Elgin hospital of injuries suffered Monday night when his automobile was rammed by another machine on the Northwest highway, two miles north of Barrington. Mr. Kimberley was president of the Kimberley Radio corporation of Chicago.

Mr. Kimberley's wife, Susanne, suffered a broken arm. Their granddaughter, Susanne Barrett, 3, and the houseman at their estate near Barrington, were not hurt.

The people who believe all the political platforms say would be good ones to sell those stocks to that are going to make them rich in a few weeks.

The people who denounce the politicians, would not probably remember to vote if the politicians did not go around waking them up.

This Patrician Among Family Cars...

The New Pierce-Arrow Sedan at a \$600 saving

The man who buys a Pierce-Arrow for his family, does so with the same pride that he puts them in a fine home.

He knows, as does everyone, that here is an automobile with a well-earned preference among people worth-while. And this has been so for twenty-seven years.

Today, you are offered the new Pierce-Arrow five-passenger Sedan for \$2750—a saving of \$600 from the original price. And the price is the only thing about the car that has been changed.

Each little refinement of detail—every

last item of appointment and equipment—is preserved in all its original fineness.

Pierce-Arrow proposes no compromise with the principles which have made it America's finest motor car for more than a quarter century.

The trade-in value of your present car may more than cover the initial payment required on this special Pierce-Arrow offering.

The terms are exceedingly attractive.

Today's prices are lower than ever before known to cars of Pierce-Arrow manufacture. From \$2475 to \$2950, at Buffalo.

Your present car will be accepted at fairly appraised value. This will apply against down and monthly payments which make Pierce-Arrow ownership surprisingly easy.

PIERCE-ARROW SALES CORPORATION (Factory Branch)

2420-22 South Michigan Avenue, CHICAGO. Telephone Michigan 2400 James G. Barber Service Station, 1508 Elmwood Avenue, Evanston

NEW!

8 Fundamental Improvements
