## COUNTY DEMOCRATS PLAN FOR CAMPAIGN

### MEETING IN WAUKEGAN

Prepare for State Race in November; Big Rally on Oct. 5, in That City, Chairman O'Keefe Reports

While Lake county Republican leaders last week began to marshal their forces for the coming political campaign, the democrats have also started mustering their strength when the Lake county democratic central committee met at the Hotel Clayton in Waukegan.

"The Democratic party of Lake county is not so presumptuous as to say it will carry this county," declared John O'Keefe, chairman of the Democratic committee, "but the Republicans will not sweep Lake county by a four to one vote as was the case four years ago. Neither are we saying that Judge Floyd E. Thompson will carry Lake county, but we are hopeful and will not be surprised if he does."

**Hold 2 Meetings**

The meeting at the Hotel Clayton held in Waukegan was attended by leading Democrats from throughout the county. It is the second that has been held in Waukegan in preparation for the fall campaign and Chairman O'Keefe declared the two meetings to be "the best the democrats have held in 15 years."

The county Democratic rally will be held in Waukegan on Oct. 5, when former Judge Floyd Thompson, Democratic candidate for governor, will speak here. Plans originally called for the meeting to be held at the Waukegan Armory, but because of other events taking place there at that time the meeting will be held in the high school gymnasium. National speakers will also appear here on that date and efforts are being made to have William Meyering, Democratic candidate for the secretary of state, as well as Anton Cermak, candidate for the United States senate, speak on that occasion.

**Thompson to Speak**

Judge Thompson, according to Mr. O'Keefe, is scheduled to speak at Harvard, Ill., at 2 o'clock on Oct. 5, going from there to McHenry, where he will speak at 4 o'clock, and coming from there directly to Waukegan, where he will speak at the big mass meeting.

The Democratic campaign, will probably get in full swing around October. Mr. O'Keefe stated that beginning on that date he would devote his entire time to the campaign.

Asked what he thought about the presidential situation Mr. O'Keefe expressed faith that the party would succeed in placing Gov. Al Smith in the presidential chair. He denounced the "whispering campaign" and declared that it would possibly grow even stronger as the campaign progressed. This, he asserted, however, would in all probability help no one but the Democrats themselves and would not tend to jeopardize the chances of the New York governor.

Headquarters for the county's Democrats will be selected soon, it was said.

**Precinct Committees**

The precinct committee men from Deerfield and West Deerfield are as follows: P. J. Duffy, Frank W. Russo, M. J. Gibbs, F. P. Deering, John O'Keefe, A. B. Hill, Thos. M. Dooley and James T. Moody.

### Proceeds to Go Toward Maintaining Schools in Southern Mountain States

The card party to be given by the North Shore Chapter of the Daughters of the American Revolution on Thursday afternoon, Oct. 18, is in charge of Mrs. Frederick A. Watkins who is vice-regent of the chapter.

In a community like Highland Park where every little child as well as every adult has the opportunity provided to attend the best kind of schools, it is difficult to realize that in the southern mountain states there are many people who are uneducated. One of the primary objects of the Daughters of the American Revolution is to found and maintain schools as well as scholarships for these people and to assist in every possible way in making the people who come to America from foreign countries into good loyal citizens.

The North Shore Chapter of the D. A. R. will give a card party on Thursday, Oct. 18 at the Highland Park Woman's club to obtain funds to carry on this work.

### Good Card Arranged and Some of Best Boxers in State to Be Featured

The Majestic A. C. begins its boxing season Tuesday, Oct. 2, at their hall at 515 Central avenue. A good card has been arranged which will feature some of the best boxers in the state.

Jimmy Hull of Grayslake who has been a consistent winner all summer takes on Jimmy Raymond of Chicago in the final. This bout will give the fans real action as both boys are fast and both can hit.

The balance of the card is good enough so that each bout should live with the final for best honors.

Frankie Hughes the Kenosha favorite has won 12 out of 13 bouts by knockouts and a man has been found who will make him step to win. Le Fante of Hinsdale opposes Hughes.

Behrens of Lake Forest meets Johnnie Harrison of Chicago's west side, in a bout that should keep the fans standing on their chairs. Peddie, also of Lake Forest meets a tough crafty foe in Howard Galt of Grayslake.

The balance of the card brings out some of the best boys in this section and the fans can watch for results from each fighter this winter.

Charles Zahne of this city meets Ray Reary of Kenosha. Jimmy Beardsley of Kenosha takes on the tough Whitney Eckhart of Winnetka, who is well liked by the Winnetka fans. Jack Lawson of the Majestic A. C. meets Bill Bennett of Evanston in another good fight.

## DEERFIELD CO. GETS BIG ROAD CONTRACT

### PART OF STATE ROUTE 176

Between Wauconda and Burton's Bridge; Price Over \$162,000; Finished Next June; Other Contracts

One of the largest state hard road contracts which have been awarded in Lake county in years was secured this week by the Kapschull-Davis contracting firm of Deerfield, of which Charles C. Kapschull is president and manager.

This contract is for Section 145 of State Route No. 176, and is between Wauconda in Lake county and Burton's bridge in McHenry county. The total distance is about 4.93 miles. Mr. Kapschull stated yesterday shortly after his return from Elgin, where he was in conference with state highway department engineers.

**Bids Taken in February**

The contract price for this section of hard road is \$162,672.91, and the fact that bids for this work were taken as long ago as last February is indication of how much delay there has been in getting action on this route, the chief difficulty having been the obtaining of rights of way across some of the farms along the route. In some instances it has been necessary to resort to condemnation proceedings to secure the required right of way along this route, and award of contracts on some of the sections is reported delayed on this account, as definite action on contracts may not be taken by the state department of public works, division of hard roads, until the condemnation action has actually been filed in court, at least.

Contractor Kapschull naturally is pleased that his company has secured this large contract, and his many friends in Deerfield and Highland Park and throughout the county will not be slow to extend congratulations, as they feel that in the hands of the Kapschull-Davis Co., the work will be well and faithfully done.

**Finished Next June**

The expectation is that the section of paving will be completed about the middle of next June, according to Mr. Kapschull. No attempt will be made to pour any slab this fall, but work on grading such parts of the section

## H. S. Football Team Plays Parker High Here Next Saturday

Deerfield-Shields high school football team has started the grid season auspiciously by winning the first practice game last Saturday when it defeated the Senn high school team, with a score that everybody lost track of after it got to somewhere about 60-0.

Next Saturday the locals will play on the home field against the Parker high school of Chicago, and this promises to be a stem-winder of a scrap, as the Parker team recently defeated the Foebel high school of Gary, Ind., by a score of 62-0, and Foebel a year ago was the champion high school team of Indiana.

Hence and therefore, it would appear that the Deerfield-Shields team has a job of no mean proportions cut out for it on next Saturday. However, fans who are enthusiastic about the team's prospects this year are confident that the locals are going to clean up on about everything in sight this season, and Coach Peel, who is working hard and predicting little, is hoping that the fans have the right dope.

Coach Peel and his assistants have about a hundred aspiring gridgers on the field every day in practice work, and they are fast whipping the squad into very promising condition. Several veterans promise to stiffen the team this year and there are also a number of very promising youngsters and letter men who are vying for places on the team.

With its notable record in the past in the matter of football honors Deerfield-Shields, undoubtedly, will have a good time in the field this season. Coach Peel knows his stuff and he knows his material and when the high school gridgers get into their stride under his expert direction other teams in the Chicago region will probably realize that good old Deerfield is out to maintain its reputation and make new records on the gridiron. More to both coach and team.

## CLUB TO STORE GOODS FOR RUMMAGE SALE

### Articles Can Be Left Any Day. Sale Is Planned for Early November

The Highland Park Woman's club will be open every morning for the reception of discarded furniture, dishes, toys, clothing, jewelry, draperies, bric a brac, remnants of cloth, gas and electric light fixtures, plumbing accessories, radios, refrigerators, and everything salable, except old bottles.

If not convenient for donors to deliver their goods to the club in the morning, telephone the Jenkins home, Highland Park 3378, next to the club house, and the building will be opened to deposit whatever you have to give the club to sell for the benefit of the building fund. The committee, of which Mrs. Marks is chairman is desirous of raising one thousand dollars from the fall sale.

Because many people do not wish to keep their discards around the home after house cleaning, other organizations in Chicago, which send their trucks to the suburbs for collections, benefit by being on the job constantly. By having the club opened a month before the sale, which occurs during the week of November 5th, articles may be stored immediately and be ready for marking on Monday preceding the sale.

The women who serve on the rummage sale committee are a band of earnest, self-sacrificing aids to the club, who devote a whole week of their valuable time to a service in which they are proficient by several years of experience in this very necessary, and highly specialized economic distribution of materials at a small cost to those whose needs are supplied by the venture.

A visit to the club on the morning of the opening day of the sales, reveals a horde of buyers more eager for places at the door in order to gain entrance first, than any audience of children at a circus.

Places in the front of the line are always as highly prized as those of candidates who wish to get their names at the head of election ballots.

Please keep the rummage sale in mind. No article is too insignificant to be of service. Clean and mended clothing brings much higher prices than soiled, but do not hesitate to send things because you have not time to wash or repair them.

Telephone 3378 whenever you wish to send your rummage after noon. You will receive courteous service at all times.

## RUMMAGE SALE TO BE HELD OCT. 3-4

Don't forget the rummage sale which will be held on October 3 and 4 from 9 a. m. to 5 p. m. in Trinity church parish house. Those who take advantage of this sale will find unusual bargains in furniture, clothing and many other articles.
