Christian Endeavor meeting at seven o'clock. Note the change of time.
Worship Sunday at eleven and seven forty-five. Special music at both services. Both messages by the pastor. We invite you to share the fellowship of these hours with us.
Prayer meeting every Wednesday, 7:45 p. m.
Choir rehearsal Friday evening.

The pastor enjoyed the fellowship of the Union Ministers meeting of Chicago last Monday. The theme was, "Evangelism." Bishop Edwin H. Hughes of the M. E. Church gave the principal address. Two statements are all I can pass on here, they are, "Evangelism never was easy." It was easier to get the attendance of the people, but not to win them to the Christian life. The other was a quotation from a New York hunter guide. "You aint a goin' to hit, if you don't shoot." Dear reader, what are you shooting at in your own life and in your church work?

Our Union Evangelistic meetings are being continued over this week. Mr. Meredith is still with us. Our meetings are being held in the Lutheran church instead of the tent, on account of the cold weather. The public is invited.

With the exception of Sunday school at 10:30 a. m., and Epworth League at 6:00 p. m., next Sunday all of our regular meetings have been called off because of the Union Meetings, which are being held every night this week at 7:30 o'clock.

On Saturday, Sept. 29 the cement floor of our basement will be laid. The men are planning to begin the task in the morning and spend the entire day on the job in order that the entire floor may be made in one day.

GOOD PROGRESS MADE ON TWO NEW BUILDINGS

Good progress is being made on two new buildings in course of erection on Sheridan road. The large addition of the Masonic Temple building is now under roof and interior work is in progress with expectation that the structure will be completed in record time.

The building on the opposite side of the street, and a little further north, which W. H. McKillip is erecting to house the Highland Park post office after Jan. 1, 1929, is well under way. Foundations are in and the superstructure will shortly be under way.

A full cargo of wheat was sold early this past summer by radio telephone from San Francisco to London.
