The first Inter Troop gathering of the year for the local units of the Northshore Area Boy Scouts will be held on Friday evening, September 28, at the New Trier Township high school.

### PLAN SEWER SYSTEM FOR COUNTY FARM

Bids were asked Saturday by the county farm committee, that will spend \$25,000 in remodeling the buildings, on a sewer and septic tank system for the farm. Bids are returnable Oct. 8. Contracts for general repair work on the buildings will be let as soon as possible, according to Supervisor Bert C. Thompson, Zion, chairman of the committee.

The people are said to be apathetic about politics, but that may be because not enough money is being spent.

### REPUBLICANS ASK FOR SMALL CONTRIBUTIONS

An intensive drive for small contributions from everyday people to help finance the campaign of Herbert Hoover, Republican nominee for President of the United States, is now under way in this vicinity under the direction of James S. Kemper, Illinois finance chairman, and the supervision of George W. Rossetter, Western director of the National Contributors committee of the Republican National committee, with headquarters at 333 N. Michigan avenue, Chicago.

This campaign for small subscriptions, according to Republican leaders, stands as one of the most important phases of the Hoover drive for the Presidency. It is intended not only to add millions of dollars to the Republican campaign chest, but also to unite everyday citizens from every walk of American life in the common cause of "sending Hoover to the White House." Its significance lies in the fact that the rank and file of the people are being permitted to take their full share in helping elect Hoover, not only with their votes and moral support but also in financing his campaign.

### CHINDBLOM TRYING TO UNTANGLE SITE PUZZLE

Meets With Waukegan Committee Endeavoring to Get Location Settled

Selection of another site for the proposed \$335,000 postoffice building to be erected in Waukegan was the subject of a meeting of the committee named by the Waukegan and North Chicago Chamber of Commerce to co-operate with the United States Treasury department in obtaining such a location, held last week.

The meeting was called by Congressman Carl R. Chindblom who came to Waukegan from Chicago this morning with that end in view. The committee had been disbanded after it was believed that the government had selected the Higly tract which the city purchased before the government closed the deal.
