REGISTRATION DAYS ARE OCT. 16 AND 30

GET NAMES ON POLL LIST

Dates Not Same as in Cook Co., It Is Explained; Voting Places in All Precincts Open

Registration days in Lake county this year will be on October 16 and 30, it has been announced from the office of County Clerk Hendee, in Waukegan. On these two days all voters of the county are requested to see that their names are on the poll list; otherwise they will at least be required to swear in their votes on election day, November 6, and may be unable to cast their ballots.

If you have moved from one precinct to another since the last election in the county at which you voted, be sure to see that your name is registered in the precinct in which you are now living. The law requires that a person voting must have resided a year in the state, 90 days in the county and 30 days in the precinct at the time of the election. Those who have not moved from their precinct in the county since they last voted probably will find their names listed in the poll books, but it is best to make sure by visiting the registration places on either October 16 or 30.

It is explained that registration days in Lake county are not the same as those in Cook county. Local readers of Chicago newspapers have been somewhat misled in this respect, it is understood.

On the basis of the 1924 election there are 11,796 straight Republican votes in the county, although President Coolidge received 18,306. The Democratic and LaFollette vote brought the total up to 23,676.

Follicians anticipate that more than 25,000 ballots will be counted this fall.

All precincts will be open, according to County Clerk Lew A. Hendee, on the two general registration days. Those absent from the city must file the usual absentee application for registration.

Registration may be made at the regular polling places in the several precincts in each township. The territory covered by the voting precincts in Deerfield township and the polling place in each are herewith described. Clip this list out and preserve it, as the precincts and polling places will be the same on the November 6 election day:

Precinct No. 1—All of the city of Highland north of Bloom street, on east side of tracks, and on the west to the town line. Polling place, Elmhurst City Hall.

Precinct No. 2—From Bloom street to Vine avenue, all east of tracks. Polling place, Deerfield-Shields high school.

Precinct No. 3—From Vine avenue to Central avenue, all east of tracks. Polling place, H. M. Prior company's office, 27 North Sheridan road.

Precinct No. 4—From Central avenue to Beach street, all east of tracks. Polling place, North Shore Gas Co. office, 47 South St. Johns avenue.

Precinct No. 5—All south of Beach street to town line and east of tracks. Polling place, M. E. Faust's residence, 1545 Judson avenue.

Precinct No. 6—From Chicago avenue south to Elm place, and Elm place extended, to west line of township, all west of tracks. Polling place, J. L. Musick's store, 506 North Green Bay road.

Precinct No. 7—All south from Elm place to Deerfield avenue, all west of tracks. Polling place, Brand Brothers store, 530 Central avenue.

Precinct No. 8—All south of Deerfield avenue and west of tracks. Polling place, Hines Lumber Co. office, Lincoln and Walnut avenues.

Signs Erected in Violation of Law Ordered Removed

Drastic action has been taken by the city authorities during the past week in the direction of removing all signs and billboards in the city which have not been erected in compliance with the ordinance governing these things.

A number of signs and billboards said to be in violation of the ordinance have been torn down and removed by city officers, and the city plans to vigorously enforce the ordinance in the premises hereafter.

City officials declare that the administration is convinced that such advertising is of little benefit anyhow and as far as foreign advertising of this kind is concerned the city administration is not interested therein.

It is explained that no signs nor boards which have been put up under the conditions imposed by the ordinance will be affected in the campaign to rid the city of these objectionable features. Signs may be erected by obtaining a permit and having the sign properly inspected. Permits are required for any sign over 132 square feet in area; frontage consent and some other regulations are features of the ordinance. Signs may be erected in business district by filing bond and paying necessary fees.

The city also has taken steps to prosecute violations of the zoning ordinance. Warrants were obtained against two tea rooms in residence districts and the persons operating the same have promised the corporation counsel that they will discontinue violations. On this basis the city agreed not to press the cases, unless there is further violation.

A violation of the zoning ordinance in the matter of establishment of an apartment house in residence district also brought into court and the defendant has agreed to discontinue such violation. If this is not done the charge will be pressed and penalty exacted, it is stated.

MISS GRAEME APPEARS IN "ENTER MADAME"

Harry Langdon "Heart Trouble" Is Feature Picture Tomorrow Night

The popularity of the Graeme Players continues to grow apace. This excellent stock company organization which presents a performance every Friday evening at the Alcyon theater, more and more each week, continues to delight theater-goers of the North Shore. Their performance last Friday of the comedy drama "The Show Off," in which Jos. Driscoll scored another hit, and further entrenched himself in the hearts of Alcyon Friday night audiences, proved one of the most successful plays the Graeme Players have yet given us.

Miss Sigrid Graeme

Tomorrow night, Friday, Oct. 5, the Graeme Players will present the romantic comedy drama "Enter Madame," in which Miss Sigrid Graeme, director of the Graeme Players, will assume the leading role with Jos. Driscoll playing opposite her. This will be Miss Graeme's first appearance in Highland Park, and is an event we are looking forward to with much pleasurable anticipation. Miss Graeme, who retired from a highly successful stage career to organize and direct this fine stock company which bears her name, is largely responsible for the many fine performances the Graeme Players have given us. The play, "Enter Madame" has had many a successful run and has scored triumphs on Broadway and on Chicago's Rialto and is heralded as the finest play in the repertoire of the Graeme Players. Add to this that Miss Graeme herself appears in the leading role and it makes a performance that none should miss. The feature picture for the evening will be Harry Langdon in the comedy "Heart Trouble." There will be no increase in admission prices.

MARTIN IS FOOTBALL ACE OF COLLEGE TEAM

Considered Most Dangerous Triple Threat Man in History of School

When Lake Forest college faces the B Varsity of the University of Chicago at Stagg Field on Saturday afternoon, one of the aces in the college backfield will be T. N. H. ("Tilly") Martin '30, well known locally as a Deerfield-Shields athlete of recent years. In Lake Forest Martin is considered one of the most dangerous triple threat men in the history of football at the college, and is likely to cause trouble for the Maroon. Coach F. L. Brown considers him one of the ablest punters in the middle west and, expects to use his footwork liberally in field strategy during this fall's campaign.

Besides starring at halfback on the grid squad, Martin is active in track work and last spring was high point man on the Lake Forest cinder outfit. He is captain-elect of the track team.

Fire Chief Urges Reduction of Fire Hazards in Homes

The following regarding the local preservation of Fire Prevention week, Oct. 13, is furnished by City Fire Marshal E. C. Hoskin and the suggestions made for the reduction of fire hazards in the city are pertinent and should be read carefully by all citizens. He says:

Fire Prevention week is to be observed from October 7 to 13. Previous to, or during, this week, membership of the Fire department will visit all business places throughout the city, making inspections to remove hazards, and recommending necessary changes to make conditions safe from fire.

This would be an appropriate time for every citizen to make an inspection of his home. Look over your heating plants, flues, have them cleaned if necessary, remove rubbish and see that inflammables are safely stored, see that your electric appliances are in safe condition.

It is of the utmost importance to remember that in the event of reporting a fire call to the department, to give the address and street. Remember that you are the one and only means of putting the department in motion with the least possible delay.

Time and again persons reporting fire calls have taken the receiver of the telephone from the book and shouted "fire," and have left the telephone. The telephone is the only means the Fire Department has of communicating with the party needing assistance, and if the connection is broken it leaves the Department helpless to assist them.

The Fire department is more than anxious to do all within its power to reduce the fire loss, and protect citizens' property. With your assistance in giving clear location of the fire, the department is in a position to get to the fire with the least possible delay. This is an opportune time to instruct all within your homes of the importance of this message.

Methodist Pastor Leaving City and Retiring from Conference; Gift

Last Friday evening a farewell reception was given for the Rev. and Mrs. William D. Doble at the Highland Park M. E. church last Friday evening, where Mr. Doble has been pastor of the local church for five years.

This also is his fiftieth year in the ministry and the forty-first year that he has been in the Rock River conference of his church. Appropriate talks were made by Mrs. Boyd, A. W. Vercoe, W. E. Bletsch and W. H. Holgate and these speakers in behalf of the church and the community voiced the thoughts which were in all minds as to the sorrow generally felt at the departure of these good friends and the hopes that wherever they may be their years may be long, prosperous and happy.

Musical selections were presented by Mr. J. H. Nichols and Mr. H. V. Nichols; Mrs. Bessie Okey sang a solo and Mrs. Fuller and Miss Adeline Evans a duet.

As a token of the appreciation of the congregation for his faithful services here in the past five years the retiring pastor was presented a purse of \$105 in cash accompanied by the good wishes of all. He accepted the gift with touching expression of his love for the church and friendship for those with whom he has been so closely associated during these five years.

Mr. and Mrs. Doble left Wednesday to attend the Rock River conference and after that they will visit their son, George, in Rockford. Later they expect to locate a permanent home, but just where they have not definitely determined.
