The Value of a Checking Account

It gives the owner a positive record of his receipts and expenditures, an evidence which may be used in Court, if required. The cancelled check often prevents or settles disputes over the payment of bills. The stubs enable the owner to check over his expenses and conform to a budget. He may know at all times his correct balance. He knows how much he spends and what for.

A checking account costs the bank about \$1.75 per month for handling it and thousands of banks all over the United States are making a "Service Charge" on all checking accounts where the monthly balance is less than \$100.00. It is only right and fair that the customer should pay a portion of the cost of handling his account. Don't you think so?

Prominent speakers will address the meeting. The principal speaker will be the eloquent and fiery young orator

Floyd E. Thompson
DEMOCRATIC CANDIDATE FOR GOVERNOR

In his acceptance speech Justice Thompson made the following statements:

"Important as other issues are, all of them fade into insignificance when compared with the issue of honesty and industry in public service. The red flag of anarchy invariably follows the black flag of political corruption. Every government of the people that has fallen, fell by the hand of that political monster, Graft. Americans must purge their national, state and local governments, and drive the crooks from high places, or our heritage will be lost."

"If I did not feel that something more is involved in this contest than the mere gaining of another office you would not find me on this platform. I shall carry this fight directly to the people of my beloved state because I feel that the time has come when the voters must choose between a rule by themselves in the interest of the whole people and a rule by a corrupt political organization in the interest of a few spoils—men. Confident that the right will prevail, I accept the solemn responsibility of leadership in this contest, with a pledge that every ability I have and every effort I make will be used to advance the material and moral welfare of my fellow citizens and my native state."

Other Prominent Speakers will be
ANTON J. CERMAK
CANDIDATE FOR U. S. SENATOR
PETER WALLER
CANDIDATE FOR LIEUT. GOVERNOR
CAPTAIN WM. D. MEYERING
CANDIDATE FOR SECRETARY OF STATE
and
WM. ROTHMANN

FIRE LAST SUNDAY DAMAGES RESIDENCE

Home of M. C. Jones on Judson Avenue Scene of Blaze; Firemen on Job

Fire last Sunday morning caused considerable damage to the residence of M. C. Jones, 1111 Judson avenue. The damage to house and contents is estimated at about \$2,500 by Fire Chief Hoskin.

The blaze started in the basement while the family were absent attending church, and it is believed to have been caused by kindling piled near a flue catching fire. The flames ate their way up inside a partition to the upper part of the house, and the firemen had quite a fight on their hands before the fire was controlled.

On Tuesday afternoon they were called out by a blazing Ford truck belonging to the Hansen creamery, which caught fire on South Green Bay road, when a can of lacquer in the truck leaked upon the hot motor, the firemen report. The damage to the car was about \$25 they estimate. During the past week the firemen were called to put out fires which threatened other autos, but damage done was not serious, they report.
