PADDOCK URGES TEAM WORK IN ATHLETICS

"Team work is what counts" was one of the points stressed by Charles Paddock in his speech on the "Spirit of Sportsmanship" given in high school assembly last Friday.
 During his talk he told of the many places he has been, including the Olympic games. Mr. Paddock has attended the last three Olympic games covering a period of twelve years. He has the laurels of some thirty-five events to his credit. In almost every meet of which he spoke he related incidents which pointed out real sportsmanship.

CAPTURE BIGGEST LOAD OF ALCOHOL

COUNTY POLICE ACTIVE

Take Truck and Cargo Valued at Over \$5,000 Last Week on Waukegan Road; Going to Kenosha

What is believed to be the largest load of liquor ever transported through Lake county was seized last week by deputies working out of the office of Sheriff Lawrence A. Doolittle, on Waukegan road, west of Lake Bluff. Two men in the truck were arrested on charges of transporting liquor and the "wet goods" and truck were confiscated.

One hundred and thirty-one gallons of the best grade of alcohol, 50 cases of Canadian ale and 50 cases of beer, were confiscated. The wholesale value is believed to be in the neighborhood of \$4,500.

Two Men Nabbed

The men gave their names as Joseph Novak and Frank Lang, both of 6334 Gladys avenue, Detroit. It is believed, however, that the names and addresses are fictitious. They were lodged in the county jail.

Captain George Heckinger, who has charge of the sheriff's highway force and Deputies DeSmidt and Gansberg came across the truck loaded with liquor about 2:30 o'clock Wednesday morning while patrolling Waukegan road in Heckinger's machine.

The truck, a three and a half ton Republic aroused the suspicions of Heckinger and he ordered the driver to pull over to the side of the road and a search was started by the deputies.

"We have a load of canned fruit in this truck and you have no right to open the cases, Novak told the officers.

The deputies paid no attention to him, however, and upon opening a case in the rear of the vehicle found it contained ale. The driver was then ordered to proceed to the county jail. One of the deputies rode on the truck and the others followed behind in Heckinger's car.

Bound for Kenosha
 The truck was northbound at the time. One of the men told the officers the liquor was to go to a place in Kenosha, but refused to divulge the name of the purchaser. The liquor was brought from Canada over into Detroit where the truck was loaded. The liquor is all said to be of the highest grade.

Sheriff Doolittle understands that the men under arrest have brought liquor into Lake county before, some being delivered to local "bootleg" establishments and some being taken through to Kenosha and other Wisconsin cities for distribution.

The truck carried two licenses, an Illinois license in front and a Michigan plate in the rear. The Illinois license is 131-388 '28 and the records show this license issued to Edward Meyers of the American Motorized Transfer company, 313 North Dearborn street, Chicago. The truck is one of the best Republic makes and is said to be worth around \$5,000.

Formerly they used to predict the winter weather from the fur on the backs of the squirrels, but nowadays we shall have to try to figure it out from the hair on the heads of the flappers.

Many students who are planning to get through college, will find that college will soon get through with them.

Money spent by people's own party is considered an educational campaign, while spent for the opposite party it is a corruption fund.

TO RESTOCK LAKE WITH MILLION YOUNG FISH

Plans for the hatching of over a million fish to be placed in Lake Michigan, in the vicinity of Waukegan, were laid last week at a meeting of fishermen with executives of the state conservation department. The plan to stock waters are expected to put a stop to the slump which has been experienced during the past two years in the commercial fishing business in Waukegan.

Waukegan fishermen have been catching less fish each year and the situation was getting to where many of the fishing company owners decided that they would be forced to go out of business unless aid of some sort was furnished. Deputy Game Warden Henry Kern was told of the seriousness of the situation and at once called a meeting of the fishermen with the state conservation heads.
