# Easter

Silently, yet swiftly;  
The pulsing breath of spring  
Is lending life and beauty  
To every living thing;  
Opening bud and blossom  
Along each walk and way,  
Spreading gladness and delight  
To greet the Easter day.

Tinting skies with sapphire,  
Streams with silver bright,  
Sending little winds abroad  
Through the day and night,  
Coaxing fragrant blossoms  
From the bursting sod,  
Crying out a welcome  
To the risen God.

Prompting feathered songsters  
On each leafy bough  
To herald out the tidings:  
"Spring is with us now!  
Let your hearts be happy,  
Throw all cares away,  
Join in nature's symphony  
On this Easter day."
