Monday for the first time, the 7:40 a. m. train from Waukegan, known for years as the "Millionaire's Special" carried the "Deerpath," a rolling club for a group of North Shore millionaires.

The car will serve as a day club, sitting on a siding at the terminal from 8:45 a. m. until the 5:10 suburban leaves in the evening. The "club-members" will pay \$15,000 a year above the regular commutation fee to use the car.

On Saturday, the car will have only a half day in the terminal, leaving at 12:20 on the "Golfer's Special." There is a special compartment at the rear of the car for clubs and baggage.

Stops will be made at Highland Park, Lake Forest, Lake Bluff, North Chicago and Waukegan.

North Shore Line New Freight Rate

A new freight rate making substantial reductions for less-than-carload shipments of 10,000 pounds or more between Chicago and Milwaukee has been placed in effect on the Chicago-North Shore and Milwaukee Railroad (North Shore Line); it is announced by Carl H. Schildgen, General Freight Agent.

"The service under this new rate embraces overnight delivery between Chicago and Milwaukee, with free pick-up at door of shipper and free delivery to door of consignee," said Mr. Schildgen. "Shipments are made under seal in steel ferry trucks, which are mounted on steel flatcars without the wheels being removed."

"This new rate, which was established primarily for small shippers, supplements reductions on shipments of 20,000 pounds or more recently placed in effect on the North Shore Line between Chicago and Milwaukee."
