# Telephones Where You Need Them

WHY climb up or down stairs or from one end of the apartment to the other when the telephone rings?

Have telephones where you need them. Extensions upstairs, in the back hall, in the kitchen, in one or more of the bedrooms—in any or all of these locations—will make it easy to use or answer your telephone wherever you may be.

Comfortable, convenient telephone service is the hall mark that stamps your home as truly modern.

Telephone extensions are inexpensive. Our Business Office will be glad to give full details of this service or any telephone employee will take your order.
