SPRING FASHION REVUE to be given at the Deerpath Theatre on Tuesday and Wednesday, April 9-10, sponsored by the merchants of Lake Forest and produced by Madame Marcuci, promises to be one of the outstanding social affairs of the season

The latest in fashion, both for men and women, as well as the children, will be displayed in the newest type of a fashion show, which provides dramatic and musical entertainment.

Many novel scenes are in preparation, among which are a Rhapsody in Blue, an entire blue showing, The Garden of Roses, a gorgeous flower display with gowns to match. A bathing beauty scene, in which the latest beach apparel will be shown. And a day in Bond street, a scene to show what the well dressed man will wear.

One of the biggest features of the show is the one hundred thousand dollar jewel scene, in which a jeweled gown is worn, and a display of jewels amounting to a hundred thousand dollars is shown. During this scene Miss Francis Moore, coloratura soprano, who wears the gown and jewels, will sing the Jewel Song from "Faust."

Supporting the professional models and entertainers are many local young ladies and men. This should have much local interest as well as the interest in the style displays.

Al Deherder and his Campus merry makers will add much to the musical program.

The film feature "Nothing to Wear" starring Jacqueline Logan and Bryan Washburn will be a very appropriate picture for the event.
