

## JAPAN DELEGATES APPROVE NASH "400"

Nash manufacturing principles and merchandising policies received the unqualified approval of these overseas visitors who were guests at Kenosha Nash headquarters last week. The party was headed by Seishichi Iwasaki (center) of the Aoi Motor Car Company, Nash distributor in Tokyo. Mr. Iwasaki, a graduate of Cornell University, is the Japanese employers' delegate en route to the International Labour Conference in Geneva. He is also president of the Tokyo Gas Company and vice-president of the Tokyo Chamber of Commerce.

### Late Proceedings in Probate Court

Recent proceedings in Probate court of interest here are reported as follows:

-Robert W. Patton, Highland Park. Will admitted to probate. Estate of \$50,000 personal property bequeathed to wife, Ellie Ferry Patton. Letters testamentary issued to Ellie Ferry Patton. Transfer of certain stocks authorized.

Giuseppe Roselli, Highwood. Letters of administration issued to O. L. Stanley, public administrator.

### Condemnation Suit Is Settled on Route 176

Settlement has ended the first of the condemnation cases to get right-of-way for route 176 that is to be

paved by the state, it was learned in circuit court, where the state highway department started its suit against Amos and James Gilbert, of Wauconda.

The small strip of property needed was located just west of the west limits of Wauconda. The route is to extend from Mundelein to Wauconda to Burton's Bridge on the McHenry Lake county line.

Mr. Gilberts settled for \$1,800 after a year of controversy. They had insisted since the beginning on \$5,000 and the state had offered \$1,500. Gilbert's, as the testimony started yesterday, dropped \$3,200 in their demand and the state increased \$300 to meet the agreed price.

One more case is pending. It will

be stated Wednesday in circuit court. It is directed against 19 defendants, but many of these have not protested against giving right-of-way. The fact that a sub-division is involved accounts for the number of defendants.

The state had been represented by Assistant States Attorney S. H. Block and Corporation Counsel Arthur Bulkley. Judge Smiley of McHenry was counsel for the Gilberts.

### Bill Would Give Aid in Cities' Road Work

Maintenance and improvement of streets in cities and villages which have been designated as a part of the state highway system is provided in a bill introduced into the lower house by Representative Chiders, of Joliet.

Under this measure, if it becomes a law, the state highway department might be required to repair certain streets in the city designated as a part of the state highway system.

The measure is aimed primarily as an aid to smaller cities and villages, but may also be a help for larger municipalities.

The care of the roads is to be made by the state from funds received from the gasoline tax law. The new measure is said to have the backing of a majority in the state house and senate.

## It Can't Be Done

No matter how competent the management may be; no matter how carefully every expenditure is watched; in Hospital organization it seems a physical impossibility to operate without a deficit. This condition is general throughout the country.

Contributions are most acceptable.

Will you help?
