Barrington Has Tax Problem; 3 Counties

With its boundary lines located in Lake, Cook and Kane counties the village of Barrington is confronted with a tax problem that is proving difficult for those most interested to solve. The situation, due to the fact that while all of the land is located in one village, the fact that it is divided up into three counties, makes a uniform assessed valuation percentage impossible.

The questions which have arisen in connection with the situation have stumped state and county assessment officials alike.

Lake and Kane counties have completed their assessments, bills have been sent out and much of the taxes has been paid. The Lake county portion of Barrington has been assessed on a 15 per cent valuation, that of the Kane county portion on a 10 per cent valuation, and the board of assessors of Cook county is planning to assess on a valuation somewhere between 36 and 40 per cent.

In past years it has been the custom of the township assessors of the three county divisions of Barrington to assess on as nearly the same basis as possible in order to equalize taxes in that village and thereby keep peace in the community.

The Brakes that Stop the V-Type 8.

CADILLAC Duplex 4-Wheel Type

These new Duplex Four-Wheel brakes on Cadillacs and La Salles stop these powerful cars promptly, smoothly, safely. No guesswork. No fear. You can be sure—and you are sure—of these brakes that Cadillac engineers have developed to control the unlimited power of the Cadillac-built, 90-degree, V-type, 8-cylinder engine. A quicker, surer emergency stop can be made with an even lighter touch on the pedal than ever before. Drive a Cadillac or La Salle and you will feel the difference.

On the foundation stone of Cadillac Nation-wide Service are placed the fundamental and exclusive mechanical advantages of 1929 Cadillacs and LaSalles. And these are surmounted by a distinct beauty of line and color that completes the Cadillac program for the permanent satisfaction of Cadillac and LaSalle owners.

- 1 Smartness and style, inside and out.
- 2 Silent Shift Transmission permits gear changes at any speed without clashing.
- 3 Security-Plate Glass in all windows means safety.
- 4 Duplex Four-Wheel Brakes—a touch of the pedal stops your car.
- 5 An even more powerful and smoother running Cadillac - built, 90 - degree, V-type 8.
- 6 Wonderfully easy steering.
- 7 Adjustable front seat places brake and clutch pedals within easy reach of any driver.
- 8 Pneumatic control principle applied to Fisher bodies assures quietness.
- 9 Chromium plated exterior nickel parts provide permanent sheen.
- 10 Nation-wide service—Cadillac Service.
