**Warned Not  
Clutter Up Scenery**

...rist would think of cluttering his front lawn with empty picnic paper and bits of trash that is exactly what owners do when they visit picnic grounds, points out M. Hayes, president of the Motor club.

...touring season opens, it is well for all motorists to know that if they would place a mat after a picnic in the rear that are usually to be found for purpose, the grounds would be more inviting to the next that arrives," continued Hayes. "Leaving trash in the way is a sign of thoughtlessness and carelessness. Picknickers who are not to have a sense of the fitness and the rights of others should know that the grounds they visit should be clean before they leave."

...George Paish, British economist, predicted before the National Free Conference in England, predicts a period of gloom for the next few years. And it must be admitted that the going is a bit tough for many of us just now.

**To the Citizens of Highwood:  
Independent Party**

Mr. Sam Santi, one of the most successful business men in this community, is up for re-election to the important office of Police Magistrate.

No doubt you remember the conditions that prevailed in Highwood 4 years ago, due to intoxication and disorderliness, were such that it made the streets of Highwood almost impassable for ladies and children without being directly insulted or at least hearing some very vile language.

It was then, when Mr. Santi was elected Police Magistrate, with his fearlessness, and the help of the Police Department, imposed heavy fines and jail sentences to these undesirables. It was then that conditions were remedied for the first time in many years, and therefore made Highwood a clean and decent city to live in.

Mr. Santi, by his activity during his administration as Police Magistrate, has turned over to the City Treasurer approximately \$12,800 collected in fines, a record unequalled by any of his predecessors.

If the people of Highwood want the present conditions to prevail, and even be bettered, re-elect a successful business man for a successful administration. Your vote and support will be greatly appreciated.

**Re-elect**

**SAM SANTI  
for Police Magistrate**

**To the Citizens of Highwood:**

We have a bright young man running for the office of City Treasurer on the Independent Party.

This young man has served as City Clerk during the period that practically all the streets in Highwood were paved. As you all know it required much work on the part of the City Clerk during the installation of these improvements.

He is running alone on his merits and past record. Your vote and support will be greatly appreciated.

**Vote for**

**FRED A. EHRENS  
for City Treasurer**
