

## Bouts in Deerfield Attract Large Crowds

The American Legion bouts at Deerfield Monday night were a whale of a success, not only for the good crowd of nearly three hundred people who attended, but for the fact that the bouts were all extra good. Every man who entered the ring went in to win and fought from the start. Schneider and Voltz were the first to enter the ring. Voltz was a little over confident while Schneider thought he had a real fight and tore in a tiger like fashion, landing three to Voltz's one, in many of the exchanges.

Don Con and Roy Mullins were next. The boys seemed very evenly matched and the exchanges were about even for the first two rounds. Bert Mullins plowed in a plenty in the third to take an easy decision.

### R. A. M. Meet April 24

Highland Park Chapter No. 226, R. A. M., will convene for the regular meeting next Wednesday night at which time the Mark Master degree will be conferred. All members are urged to attend.

## March Is Busy Month at Public Library

March was the busiest month of the Highland Park Public Library. 7270 books were borrowed for home use according to the librarian at the regular monthly meeting on Thursday evening.

Starchey's Elizabeth and Essex, still heads the list of popular non-fiction. Mrs. Gilbreth's Living with Our Children, is also in demand according to the number of reserves left. The trilogy by Sigrid Undset containing the three titles The Bridal Wreath, The Mistress of Husaby, and The Axe, for which the author was awarded the last noble prize for literature is probably the most sought-for fiction.

Plans for the summer were formulated, including a leave of absence for ten weeks for Mrs. Eva G. Crozier, the children's librarian, who sails on May 24th from New York with a special tour in connection with the first world's Library and Bibliographical Congress in Rome and Venice in June. Mrs. Crozier has been a member of the library staff for some portion of the last five years. Her position will be filled by Miss Dorothy Teare of the Deerfield-Shields high school library. Miss Teare is a graduate of Wisconsin university, also of the Illinois Library school. She has had several years experience in public library work as well as high school work.

Contrary to the general experience of most public libraries, the summer is anticipated by the members of the Highland Park Public Library staff. A great change of population takes place about June first taking the place of the student readers and bringing back many old friends of the library among the Ravinia Opera company.

Books have been given to the library during the month by the fol-

lowing friends; Mrs. Edwin Rothschild, Mr. Gullio Bedini, Mrs. R. P. Sherer, Mrs. G. A. Buhl, and Mrs. G. H. Brown.

## Annual Drive for Arden Shore Funds

Mrs. George Allan Mason will head the annual drive for funds for Arden Shore which will be held the early part of next month.

Arden Shore, (if there are any in Highland Park who do not know what it is) is a fresh air camp where mothers and children of the congested districts of Chicago may come for a period of rest. People whose circumstances will not permit a vacation away from the dirt and foul air of these crowded sections are brought here to regain health and strength.

Those of use who live in the out-of-doors, do not realize the horror of being shut up in these dismal city flats, where the sun shines through smoke and dust, and not even a blade of grass can grow.

Everyone will want to share in this worthy project and it is hoped each one will keep the drive in mind and be prepared to help when the time comes.

## Girl Thrown from Bike Suffers Minor Injuries

Edna Olson, 18, of 400 Walker avenue, suffered minor injuries when thrown from her bicycle on Green Bay road Monday. A passing car, endeavoring to avoid hitting the girl and her companion, who were both on wheels, struck the Olson girl's bicycle. Her knees were bruised and a tooth knocked out, according to report to the police. The car was a Chevrolet driven by Mrs. Huhnke.

Some people's idea of showing their love for beauty, is to root up the flowers and shrubs along the road that produce beauty.

## Girl Scouts

### Troop 3 of Lincoln School

The older group of Girl Scouts met on the evening of April 11.

During the patrol corners each girl selected a country in which Girl Scouting is organized. They will then start a correspondence with a girl in their chosen country.

We elected two girls, Marie Omness and Helen Jean Abercromby to represent our troop in the planning of the Mother and Daughter banquet which will be held May 10.

Some of the girls studied and passed various second class scout tests.

Juniper Knoll, the camp from the Chicago district to which the girls formerly went is reserved for the scouts in the Metropolitan district this year. Our girls are going to the new camp around the Des Plaines district, Hickory Hill in Wisconsin.

The camp committee were completely swamped by applications for reservations for camp and are doing their best to accommodate all the scouts, as best they can and as nearly as possible according to their preferences.

The fact that this new camp is crowded the first year really makes those interested in scouting and scout camps realize how really urgent and vital it is to our scout movement on the north shore that we think and plan and build toward the time when we can have our own camp in this area, so that when the Des Plaines district fills their own camp, we will have our own project under way.—Contributed.

### Lady Elks Give Party

There will be an evening card party for Lady Elks and their friends, Wednesday evening, April 24 in the Elks club on Laurel avenue.

# PLANT NOW

Plant now and benefit by a full spring growing season.

Consult us on your landscape problems. We will be glad to advise you without obligation. In our nurseries we grow thousands of evergreens, trees, and shrubs.
