GENERAL MOTORS SPRING SHOWING

A Seasonal Display  
of  
CADILLAC-LASALLE  
FLEETWOOD

April 20th to 27th.

April 20th marks the opening of a week's special showing of the latest models of Cadillac, LaSalle and Fleetwood, on our display floor. This is an exhibit which will arouse enthusiasm among all who appreciate fine cars.

For it provides the opportunity of making close inspection and road test of a group of motor mechanisms and bodies which are not duplicated in the industry.

Cadillac offers, at this time, eight definite mechanical triumphs—among them the new 90-degree, V-type, 8 cylinder engine, the Silent Shift Transmission, the Duplex Four-Wheel Brakes, the Security-Plate Glass in all windows.

You must see these cars to appreciate the harmony, the beauty, the appeal to the eye—in the new lines, colors and fittings.

This week's announcement by General Motors in the Saturday Evening Post and Literary Digest marks the beginning of heavy seasonal buying. At present, we can make early deliveries on popular models which may not be possible later. We suggest that you inspect and test these cars during the coming spring display. We feel sure you will be pleased with the very moderate delivered price (free from exorbitant charges), the fair allowance on your present car, and the exceptionally convenient terms of purchase.

CADILLAC MOTOR CAR CO.

Evanston Branch
