Deerpath Theatre Now Offers Sound Pictures

Sound pictures are now being presented in the Deerpath theatre, Lake Forest. "The Last Warning," with Laura LaPlante is the feature yesterday and today; Friday and Saturday, "The Home Towners"; Sunday, "Redskin" with Richard Dix; Monday and Tuesday, Al Jolson, in "The Singing Fool." Coming later: "The Terror," "Nothing But the Truth" and the Iron Mask. Warner's Pennsylvanians will be a special attraction soon at this theatre.

Perfected Vitaphone and Movie-tone apparatus for providing talking movies has been installed in the Deerpath and the result is beyond all expectations, Manager Emma States, as the projecting devices are the most modern obtainable, and the exceptional acoustic qualities of the theatre enhance the sound values. The effect is notably pleasing and must be heard and seen to be appreciated.

"THE VALIANT"

The visit of the Todd Troupers, that excellent little theater group from Todd school, Woodstock, Ill., to the Alcyon theater, which was postponed from March 22, will take place on Thursday evening, May 2, Manager Lang of the Alcyon theater, Highland Park, has just announced.

All preparations had been made to present Hallworthy hall's one-act masterpiece, "The Valiant," last month, when illness in the cast made it impossible for the troupers to appear. All have bravely recovered from their temporary indisposition, and are again in perfect shape for the performance.

When announcement of "The Valiant" was made, it was remarked

that the drama is generally supposed to be beyond the powers of the ordinary school boy. Five packed houses in other Illinois towns can testify to the fact that the Todd Troupers are no ordinary school boys and that they "put over" the Hallworthy hall play in wonderful style.

The cast for "The Valiant" includes Jack Marshall of Rogers Park as Warden Holt, Sherman Perlman of Chicago as Father Daly, Orson Welles of Ravinia as James Dyke, Arthur Rice as W. J. Mettler as Josephine Paris, and Edward Bassumian of Evanston as The Jailor.

A few days after their appearance here, the Todd Troupers will enter the annual contest of the Drama league, competing with high school boys and girls from Chicago and vicinity. They are presenting Shakespeare's Julius Caesar.

"Jarnegan" Attracts Large Audiences

Since the transfer of Richard Bennett in "Jarnegan" to the Selwyn theatre, there has been no abatement in the business and it looks as if Mr. Bennett would finish his present season at the Selwyn, the capacity business not permitting him to play any other cities of the west.

Mr. Bennett has created quite an innovation by inviting to his Thursday matinee performances as his guest of honor, the star of each of the other attractions now playing in Chicago. This midweek matinee on Thursday gives all the other professional players an opportunity to see Mr. Bennett in "Jarnegan," and they seem quite as anxious to take advantage of this opportunity as the lay people who are not concerned in the theatrical calling. The Selwyn is the only legitimate theatre in Chicago which gives its midweek matinee on Thursday in addition to its regular Saturday matinee.

Buick Adds New Car to Its Line, Report

In response to an increasing world demand for motor cars, the Buick Motor company will shortly augment its line of automobiles by the addition of a new car in the lower priced field.

New from the ground up—new even in name—this car will bring to the public a degree of performance, stamina, smartness and comfort which Buick's quarter century of fine car engineering and fine car production alone makes possible at such a price. The new product will have no effect on the future design and quality of the Buick car. In type, it will be an L-Head six. It will be sold through the Buick retail sales organization.

In the preparation of this new automobile, it has been the aim of the Buick Motor company to design a car of unlimited appeal—a car that will be within the reach of millions and yet deliver quality car performance. Realizing that having two or even three cars in a single family is fast becoming common practice in America, the Buick Motor company believes that the high quality and moderate price of its new product will be a determining influence in supplying the demand of the new motor-conscious American family.
