

## Two Cars Damaged in Crash Thursday

Two cars were badly damaged in a collision which occurred April 18 on South St. Johns avenue, when a Ford sedan driven by B. F. Sutherland of Highwood and a Chevrolet coupe driven by W. A. Press met in collision, head on, as Sutherland tried to pass a parked car, according to the police.

## Bannockburn Bus Is Damaged in Collision

The Bannockburn bus, driven by John Evers, and a Packard sedan, owned by George Hamlin and driven by William Kennedy, crashed April 20, at the corner of Central avenue and Second street. Both cars were more or less damaged by the collision.

## Deerfield Locals

Mrs. Walter Page and daughter, Jessie May, has been on the sick list the past week.

## Build New Steps at Railroad Men's Home

New reinforced concrete steps and a cement sidewalk extending from the building to the street are being constructed at the Railroad Men's Home on South St. John's avenue. The new steps take the place of those built about 20 years ago when the first section of the fine structure was erected, according to Manager John O'Keefe. The steps are provided with a railing at the lower end of which a place is provided for a large urn of flowers during the summer and a cluster of lights during winter season. The work is being done by the Highways Construction company.

## Padlock Case from N. Chicago Continued

Hearing on the intermediate injunction suit against John "Pickles" Andracki, of North Chicago, operator of an alleged liquor dispensary, was continued to the June term of court last week by County Judge Perry L. Persons on motion of the state's attorney's office.

A preliminary decree restraining and enjoining Andracki from possessing liquors was granted several weeks ago by the court. State's Attorney Smith is seeking to have the place padlocked permanently.

## Girl Scouts

The older group of Girl Scouts had Miss Swan, director of scouting in Highwood as a visitor at their meeting of the eighteenth. She demonstrated the ankle and sling bandages which are very useful in scout work. Signaling was practiced in which we are progressing.

June Stockwell, Joan Dexter and Helen Jean Abercromby were chosen to originate a song which is to be sung by the girls at the Mother and Daughter banquet.

The younger group gave plays which illustrated the Girl Scout laws. They also sang some comic songs.

The Highland Park Girl Scouts and the Girl Reserves are planning to hold a joint mother and daughter's banquet on Friday, May 10, at 6:30 o'clock, at the Y.W.C.A. rooms. The entertainment program will be in charge of the girls and is to be given by them. They hope as many as possible will attend in order to make it a jolly and enjoyable occasion for all.

At the last meeting of Lincoln school troop No. 3, there were 17 girls invested as first class scouts. Most of the other girls in the troop are working hard to pass their second class tests so that they can become second class scouts at the next and last investiture of the year.

It is said that within a few years the automobiles will have the front wheel drive, and a lot of henpecked husbands we know hope that the front seat drive will come in before that.

## Plan International Photographic Salon

The first Chicago International Photographic Salon, sponsored by the Chicago Camera club, will open at the Art Institute on May 2, and run concurrently with the International Water Color Exhibition. There will be about three hundred prints shown, embracing a wide variety of subjects. The exhibition will prove the most important showing of photographs from the world's foremost photographers, who have made special efforts to make this first international show a most notable event.

## Average Mileage in Year of Each Auto

Each automobile in the United States last year traveled approximately 5,590 miles, according to estimates made by the Automobile club of Illinois.

The estimate is based upon gasoline consumed by the 24,501,004 motor vehicles registered last year which consumed a total of 10,596,000,000 gallons of gas. The average mileage was 12.9 miles per gallon, making a total of 137 billion miles traveled by all motor vehicles during the year or an average of approximately 5,590 miles each.

The old timers tell us we should be up at sunrise, but about the only folks who conform to that idea now are those who were up all night.
