Oak Terrace Pupils Give \$100 to Library

Last Wednesday morning the assistants in the office of the Highland Park Public Library looked up from their accessioning, cataloguing, and typing at the entrance of a school boy bearing in his hand a small piece of green paper.

Something in his bearing implied a mission of importance for it was with pride that he handed to the librarian a check for one hundred dollars. The check was signed by the Eighth Grade Class, 1929, of Oak Terrace school and represented much effort on the part of the teachers and pupils of that school in the production of their recent play, "The Man Higher Up." August Baracani, the bearer of the check took a leading part in the play.

The Oak Terrace school is made up of pupils from Fort Sheridan, Highland, and Highland Park and their interest in good books has been very gratifying to the members of the library staff whose good fortune it has been to work with Mr. Thomas and his staff of teachers.

This money which was sent in appreciation of the books and service given by the library since September 1928 will be used for books to be added to the school collection.

Ravinia will enjoy its fourth annual spring pantomime when the pupils of Mildred Haessler appear in two numbers in the Ravinia auditorium Friday evening, May 10, for the benefit of the stage equipment fund of the village.

The program consists of the Toy Shop, representing in delightful dance form the dream of a little girl in a toy maker's establishment, and the lovely Greek legend of Cupid and Psyche, which has been beautifully adapted to the pantomime medium.

Hazel Crow Ewell, well known north shore artist, has designed the costumes and worked out the lighting.

In former years these pantomimes have been repeated on children's afternoons at Ravinia park during the summer opera season.

PICTURE LECTURE AT LINCOLN SCHOOL MAY 6

"Through India With A Camera" Subject of Lecture by Davis Ewing

"Through India with a Camera" is the subject of a stereopticon lecture to be given by Mr. Davis Ewing, of Bloomington, Ill., on Monday evening, May 6th, at 8 o'clock, in the Lincoln school.

His travels led him off the beaten course into the by-paths of India, and he will give intimate glimpses, pictorially and descriptively, of some of the interesting places in that far-away country, — its people, customs, and costumes.

Mr. Ewing is a son of the late Hon. James S. Ewing, former Ambassador to Belgium, and nephew of Judge William G. Ewing. He is a well-read, much-travelled man of talent and culture, and his lectures are interesting products — the result of keen observation, thoughtful appreciation and careful study of the countries with which he deals. Combining as they do literary value, historic interest, topographical accuracy, architectural design and beautiful photography, his picture talks make an interesting appeal to intellectuals, historians, archaeologists, architects and artists. He has toured the world, taking three times as long to make the circuit as is generally taken in such cruises, thus giving him a much more leisurely and thorough opportunity for studying the various countries and peoples and gaining a clearer idea of their mode of living, religion, architecture, costumes et cetera, than casual "globe-trotters" are allowed.

This lecture is arranged by Miss Ruth Ewing is sponsored by the Seyfarth Memorial committee, composed of Miss Ethel Goddard, chairman; Mr. Wright, Mrs. Freeman, Mrs. Bastin, Mrs. Brown, Mrs. Hinn, Mrs. Klaber and Mrs. Harmon. Tickets for the lecture may be procured from any member of this committee or at the Lincoln school. The proceeds will be expended for an ornamental out-door clock for the Lincoln school in memory of Mrs. Nell Martin Seyfarth.
