STANDARDS OF EFFICIENCY**

**AN** outstanding achievement... the first all-steel refrigerators. New low prices. The greatest values ever offered by General Electric.

This all-steel refrigerator development is another contribution to better living—made by the engineers and scientists of the General Electric Research Laboratories.

Now you can buy a refrigerator with a cabinet built like a safe. One with doors that will always fit perfectly. One which will operate on the least amount of cur-

rent. One which shuts out the heat—keeps in the cold.

The hermetically sealed mechanism remains just as it always has been—sealed away from dust and difficulties, permanently oiled, quiet, unseen, untouched—one of the miracles of modern science. The General Electric, too, was the first

to provide an easily accessible temperature control which speeds up the freezing of ice cubes when the user desires.

Because of mass production economies, prices now start at only \$215. at the factory. There are six sizes. See them at our display rooms—examine them thoroughly—let us explain our plan of conveniently spaced time payments.

Listen in on the General Electric Hour, broadcast every Saturday evening, 8 to 9 Eastern Standard Time, over the N. B. C. network of 42 stations.
