

## Inside the Bank

THERE'S a great deal more to a bank than the impression you get from the outside. Back of the scenes is the management and organization, particularly the Board of Directors and the Officers. These men work together in the interests of the customers and for the benefit of the entire community. The members of the Board of Directors are selected at the annual meeting of the shareholders of the bank, and are responsible for the conduct of the bank's business.

The following well-known men of standing in the community are serving on our Board and contributing their time, talent and energy to a successful organization.
