Captain "Tillie" Martin

Captain Thomas "Tillie" Martin of the Lake Forest College track team broke the Farwell record in the running broad jump in today's dual meet against Carroll college of Waukesha, Wisconsin.

Martin made a distance of 22 feet, 1 inch, to better his former mark of 21 feet, 8 inches, made earlier this season. The former record as stated in the handbook is 21 feet, 5 1/4 inches, made by Ensign Clarence 'Tip' Cobble in 1928, who was killed in an 'aero-plane tragedy late last spring.

Martin is a graduate of Deerfield-Shields high school where he made a name for himself in football, basketball and track. While at Lake Forest he has been a star on the gridiron and on the cinder paths. He is a junior in college and will be back for further intercollegiate athletic competition next year.

Wild Animal Talk at Lincoln School

"Wild Animals" was the subject of a lecture given in assembly at the Lincoln school May 9, by Mr. Borg, manual training teacher.

Mr. Borg told of many interesting traits and characteristics of our wild animals.

Discussing the conservation of our wild animal life, he remonstrated with the students concerning the practise of catching over the limit of fish and urged them to return those for which they had no use.

The rules of the woods as given by Mr. Berg are as follows:

- 1—Be sure your fire is out.
- 2—Do not be selfish with animal life.
- 3—Mind your own business and the animals and birds will mind theirs.

Trees

In my mind I could see
The Poem of a tree.
I could see pine, spruce, and oak.
Some had branches that were broke.

In my mind I could see
Many trees that looked close to me.
Though they seemed close to me,
When I opened my eyes, no tree could I see.

Then I remembered we had to close
our eyes that day,
I knew then that the trees were far
away.
