“Very Latest”

by Cecile

In keeping with our longing for the breath of pine forests and vacations is the summer print known as “Pine Cones”—“Pommes de Pin”—a design by the French artist Benito, who with a number of distinguished confreres has turned to the decorative arts in a group of designs called “Impressions Decoratives.”

It would be difficult to find a more charming theme for the summer print, without which the wardrobe indeed lacks an important member. The afternoon frock illustrated is fashioned

model especially created for this silk by Jane Regny. As shown it is in tones of beige and red, featuring the popular pen-and-ink effect of the moment.

Voiles Important in Summer Lingerie Groups

Perhaps there is not a cooler fabric to be found for summer lingerie than sheer voile, nor one which may be tubbed indefinitely with more satisfactory results.

And so—Tinted voiles with floral applique trimming, with lace or hand drawn-work and a bit of embroidery are conspicuous among the present showing of dainty underthings.

Pieces represented are: Panti-petticoats, gowns, slips and pajamas, and feminine trifles is their moderate price.

Organdie for Evening

Rather a long time since organdie ranked as a favorite fabric for summer evening frocks. But this season it is scheduled for a tremendous vogue. High colors, pastel shades and black and white used together are the color notes. One delicious frock in coral organdie with a very full skirt short in front and dipping toward the back features applied flowers and a hand-painted bow in French blue and deeper rose.
