The St. Paul's Evangelical church wish to express sincere appreciation to the Deerfield Garden club for the beautiful basket of flowers which adorned the altar for the service Sunday morning.

Wilmot School P. T. A.

The Wilmot School P. T. A. held its regular meeting at the school on Friday evening, May 11 at 8 o'clock.

Miss Whitfield, one of the music teachers, who has a charming soprano voice sang a group of three songs including, "Brown Birds Singing," "Thank God for a Garden" and "Little Damoselle." She was accompanied by Mrs. E. J. Ginter.

The new officers were in charge and Mrs. Hopkins, the president, gave her report of the state convention which was held at Mattoon, Ill. The main

thought of the report was expressed in the following words: "Success is in attaining superiority over our past records." Miss Emma Gertrude White of Evanston spoke on the subject, "What I have learned in Night School."

Miss White is a teacher in the Washington school, Evanston, which is situated in a settlement of foreigners. In an interesting manner she spoke of her experiences with the foreign young people as students in their night school and of problems with them. In the course of her address she said, I have learned "How little I know," "how much the students know," "the value of good manners," "practical ability learned about teaching in forty years," "human life with its experiences and problems." She said these young people are becoming real American citizens and that the school each year graduates a class in American citizenship which knows more about what it means than most Americans.

The association is purchasing a new table for the library.

There will be no meeting in June. A meeting will be held May 24 at 8 o'clock at the school. The occasion will be graduation exercises and there will be a special speaker and other features of interest.

At the close of the meeting refreshments were served and parents had the privilege of viewing an exhibit of work done by the children during the year, which was very worth while.

There is complaint of the operation of the courts, by many people who themselves are not willing to serve on juries.

Some people think they can't afford to give their buildings a needed coat of paint this spring, but in view of deterioration, can they afford not to?

No. 7

Published in the interest of the people of Deerfield and vicinity by the J. R. Notz Hardware Company.

Saturday, June 8th is Paint Day at our store.

You all know we sell the famous Martin-Lenour brand of 100 per cent pure paints, whose program you hear over WMAQ every Tuesday at 8:30 o'clock and we will have a paint expert from the factory with us all day Saturday. So if you have anything you wish to ask regarding painting, varnishing or refinishing do not hesitate to do so. Have you noticed the jar of color chips in our win-

dow? We are giving away \$35.00 worth of paint to those who guess the closest to the number of chips in the jar. All you need do is fill in the handy blanks we have at our store. Don't miss it! You may be one of the six lucky prize winners! The paint will be given away Saturday evening so drop in, some of it may be yours. We will also give free a 20 cent brush with every purchase of Rogers lacquer or Kolorbrite quick drying enamel. And say, Kiddies, we have a balloon for you if you come along with mother or dad.

A sock in the shoe is worth two in the eye. "Could you give a poor fellow a bite?" asked the dust-stained tramp.

"I don't bite myself," answered the lady of the house, "but I'll call the dog."

We notice that the Chicago Tribune hasn't been quoting us lately. Maybe the editor has lost his shears. If he has, we have some excellent ones in stock at reasonable prices. In fact, we'll gladly give him a pair.
