HINTS FOR THE HOME

A summer scheme for the Guest Room? Something cool, dainty and not extravagant? Then choose simple draperies and spreads, making color and pattern do the work of costly fabrics and accessories.

It is not necessary to have both over and under curtains in summer. Sheer ruffled tie-backs of tinted voile, organdie or tarlatan let in every stray breeze and are very decorative.

A wall background of interesting design will give all the pattern needed. Charming new wall papers are available in modern effects that blend equally well with antique or modern furnishings. See that both paper and curtains are in harmony with the rug, and paint woodwork to blend with the wall. For sensible summer spreads, use sunfast mercerized broadcloth, taffeta, voile over sateen—or dip your plain candlewick spread in a color harmonizing with the general scheme. These few rules will give you a fresh and charming guest room at a very insignificant cost.

Tomato Cutlets
Cut firm, ripe tomatoes in rather thick slices; season with salt, pepper and a little sugar and roll first in crumbs, then in beaten egg, again in crumbs. Fry in olive oil or butter until light brown. Serve with mayonnaise.

Hints for Motorists

You can increase the efficiency of your engine by cleaning the spark plug points with a nail file from time to time.

When your car is parked between two others, the easiest way to get out is to move first in the direction of greater space—forward if there is more room between you and the car ahead, backwards if the opposite is the case.

Slow leaks are sometimes due to a loose nut at the base of a valve. The important clamp nut should always be tightened with a wrench or pliers before a tube is inserted in a tire. This insures a tight joint where the valve is attached to the tube.
