 at these Outstanding
 Used Car Values

Used car buyers in this community have learned that they can have perfect confidence in any used car that has attached to its radiator cap the Chevrolet red "O.K. that Counts" tag.

Under the terms of Chevrolet's used car policy, originated to protect the used car buyer, every reconditioned car we offer for sale is identified by means of this red tag attached to the radiator cap. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service.

Due to the great popularity of the new Chevrolet Six in this community, we have on hand at this time an unusually large group of these "O.K.'d" cars. If you are in the market for a dependable used car—come in. You are certain to find the car you want—at a price that will positively save you money. Make a small down payment and drive the car away—balance on easy terms.
