

There are 320,000 school houses in this country, but you would never know it by the grammar used by the majority of the American people.

The students who are not worrying about their examinations are frequently the ones who need to.

A musical friend asks us the meaning of "tout ensemble." Well, apparently it means all toot together.

A clock tower is considered a very fine gift for a town, but it would need to be an alarm clock in many communities.

The girls are said to be captivated by the sight of a man in uniform, but unfortunately the uniform that a good many men seem to need is a suit of prison clothes.

Among the fifty members of the graduating class of Shattuck school, Faribault, Minn., is Lawrence Haarvig, son of Mr. and Mrs. L. M. Haarvig, 32 Ravine Terrace. While at Shattuck, Mort, as he was known to his classmates, made an exceptionally fine record in the military, athletic and scholastic work. In the military line, he was a second lieutenant, which is one of the highest offices in the school. In athletics, he has been a member of the swimming team for two years, which, in 1928, won the Northwestern Interscholastic and National Academy titles. Mort swam the breast stroke on the team, and was the best in school during his senior year. For the past two years, he

has won the Rector's silver letter, given to those who have an average in every subject above 80. Being an all-around fellow, Haarvig was well liked by his classmates.

It is getting so dangerous to be a criminal, that the crooks may soon be applying to the jails to be safely locked up so that their enemies can't get them.

The boys who are late at school will probably put up the excuse that no one would give them a ride, and their legs are too weak for them to walk.

The travel boosters tell us to see America first, and many of us are willing to do so provided someone will lend us the money.
