# HINTS FOR THE HOME

A summer scheme for the Guest Room? Something cool, dainty and not extravagant? Then choose simple draperies and spreads, making color and pattern do the work of costly fabrics and accessories.

It is not necessary to have both over and under curtains in summer. Sheer ruffled tie-backs of tinted voile, organdie or tarlatan let in every stray breeze and are very decorative.

A wall background of interesting design will give all the pattern needed. Charming new wall papers are available in modern effects that blend equally well with antique or modern furnishings. See that both paper and curtains are in harmony with the rug, and paint woodwork to blend with the wall. For sensible summer spreads, use sunfast mercerized broadcloth, taffeta, voile over sateen—or dip your plain candlewick spread in a color harmonizing with the general scheme. These few rules will give you a fresh and charming guest room at a very insignificant cost.

### For "Fish Night"

- Cream of Spinach Soup
- Fried Halibut — Tartar Sauce
- Lyonnais Potatoes Asparagus
- Lettuce and Tomato Salad
- Strawberry Shortcake
- Iced Coffee

### Tomato Cutlets

Cut firm, ripe tomatoes in rather thick slices; season with salt, pepper and a little sugar and roll first in crumbs, then in beaten egg, again in crumbs. Fry in olive oil or butter until light brown. Serve with mayonnaise.

To revive an ancient bit of slang, if people desire to prove there are no flies on them, they must now put the window screens on.

It is urged that historic spots be marked, but it is not necessary to mark our picnic spots by deposits of dirty refuse.

Some business men complain that the home people don't patronize them as they should, but anyway they probably come into these stores to sell them tickets.
