## JUST BY TURNING A TAP!

It's the perfect *convenience* of GAS for water heating that appeals to those who want hot water *instantly* the year 'round.

Slow, bothersome methods of water heating — and methods that do not insure an ever ready supply of hot water — may be replaced easily and at mod-

erate cost with a method that will send a steaming, clean, plentiful supply of hot water from every hot water faucet in your home at any hour of the day or night.

This instant hot water service may be had with an —

## AUTOMATIC STORAGE GAS WATER HEATER

**Liberal Allowance**  
on your present water heating equipment

Come in and see our heaters. Or ask us to send a representative to tell you about them. No obligation to you.

*A Small Down Payment* places a heater in your home ready for use. Pay balance in 12 equal monthly installments with your gas bills.
