DOWN GOES WHEAT. WHAT WILL LABOR DO? MACHINERY PLUS POWER

You hope that "the" young couple will live many years happily, and everybody knows that you mean Colonel Lindbergh and his wife.

There is happiness in being well known, and well liked for good reasons, and young Lindbergh possesses it.

Without exception, the entire world wishes him well.

The price of wheat dropped to 97½ cents some days ago. Lowest price since 1914. For the Federal Reserve and the combined forces of usury to attack stock values makes no difference. Only wicked gamblers buy stocks.

But the conduct of the Federal Reserve will attract, President Hoover's attention if wheat, cotton and other farm products continue dropping.

It is embarrassing to take office on a "save the farmer" platform and find that your Federal Reserve is hitting the wheat and cotton growers on the head.

Labor appears to have won the British election.

British labor is socialistic, much of it communistic, but of mild communism.

Imagine the panic in dear old Wall Street and every well organized financial mind if Labor and Socialism controlled the government of this country.

But the British will manage. They "muddle through" because they have common sense and British Labor has honest, intelligent leaders.

Ramsay MacDonald is as good a man as there is in Britain, although not as great or able a statesman as Lloyd George.

The motto of the Pacific Coast seems to be: "If you haven't got a thing, get it."

The city of Stockton, the San Joaquin and Sacramento valleys can produce enough food to feed a great part of the world.

But the place needs a harbor for ships, and will have it. Stockton, the State of California and the Federal Government this year will dig a deep water channel to the sea, and Stockton will have a harbor "big enough to hold 90 per cent of the ships that come through the Golden Gate."

No one knows what the future of the Pacific Coast will be, or what the size of inland harbors built will be, wherever men want them.

Mr. George E. Moore of No. 52 Vanderbilt avenue, New York City, can tell about an electric shovel that digs fifteen cubic yards of earth at one bite. You can dig out another

Lake Michigan with a tool like that. Given machinery Plus Power, everything is possible.

Late Proceedings in Probate Court

Recent proceedings in Probate court of interest in this part of the county, are reported as follows:

Thomas M. Dooley, Highland Park. Inventory approved.

James O. Heyworth, Lake Forest. Supplemental inventory approved.

Edgar F. Winterson, Highland Park. Transfer of funds authorized and supplemental inventory approved.

Bertha Bennett, insane. Inventory approved and allowance of \$25 a week ordered for care of ward.

Gerard Van Schaick, Highland Park. Notice of all orders and motions given to O. D. Luby.

Alice Louise Carmen, minor, Lake Forest. Guardian authorized to expend money for trip to Scotland.

It is claimed that the school pupils should wear uniforms, but uniform good conduct would be still more valuable.
