### DOWN GOES WHEAT. WHAT WILL LABOR DO? MACHINERY PLUS POWER

You hope that "the" young couple will live many years happily, and everybody knows that you mean Colonel Lindbergh and his wife.

There is happiness in being well known, and well liked for good reasons, and young Lindbergh possesses it.

Without exception, the entire world wishes him well.

The price of wheat dropped to 97 1/2 cents some days ago. Lowest price since 1914. For the Federal Reserve and the combined forces of usury to attack stock values makes no difference. Only wicked gamblers buy stocks.

But the conduct of the Federal Reserve will attract, President Hoover's attention, if wheat, cotton and other farm products continue dropping.

It is embarrassing to take office on a "save the farmer" platform and find that your Federal Reserve is hitting the wheat and cotton growers on the head.

Labor appears to have won the British election.

British labor is socialistic, much of it communistic, but of mild communism.

### Alcyon Theatre to Offer "Sonny Boy"

Davey Lee is, without a doubt, the greatest screen find of years. The Warner Brothers have reason to congratulate themselves. The child is natural, with none of the affectations of most theater prodigies; he is amusing and winning; he acts with a most ingratiating charm and a refreshing lack of camera-consciousness.

The things Davey is given to do are immaterial, when the youngster puckers up his face and does anything at all, from breakfast to his prayer time—even when he stands right up and holds out his hands, he does it in a manner that one won't forget for a long time. The audience is his forever.

Manager Otto Lang of the Alcyon theater announces Thursday next as the opening date for "Sonny Boy," Warner Brothers latest special production—starring Davey Lee. It is a play no lover of children should miss.

### Feature Pictures at The Deerpath Theatre

Special feature pictures at the Deerpath theatre, Lake Forest, in the next week include several of widespread appeal. On June 24 and 25 the ever-popular Lon Chaney will appear in "Where East Is West," with Lupe Velez as co-star. This is an exotic sound picture that has both beauty and thrills galore. On Wednesday, June 26, the feature is "Scandal," with Laura LaPlante, assisted by John Boles, Huntley Gordon, Jane Winton and Eddie Phillips. Don't fail to see this sensational love mystery.

Manager J. C. Emma announces for early offerings at the Deerpath these special feature pictures: "Sonny Boy" with Davey Lee; "The Divine Lady," "Weary River" and "The Broadway Melody."

The picture for Saturday, June 22, is "The Younger Generation," with Ricardo Cortez and Lina Basquette.

### LET MR. HOOVER'S BOARD TELL WHY THE PLUMBER GOES BACK

The plumber who goes back from the job to his shop for a piece of material has been for forty years a standing newspaper joke. Why does he go back? Because if he carried with him enough parts to fit the variety of connections that he is likely to find in the plumbing of a single household sink, he would have to take along a ten ton truck. There never was the slightest sense in this diversity; it was just a bad habit into which the business had fallen. And that, too, the Division of Simplified Practice is in process of straightening out. Simplification of plumbing systems will not by so much as one nail or shingle make American homes less individually beautiful; but it will make them less expensive and immeasurably more convenient.—From "Herbert Hoover, a Reminiscent Biography" by Will Irwin.

Having changed its stripes during the campaign of 1928 the Tammany Tiger is now engaged in changing them back again.
