

New Law Makes More Expensive Securing Citizenship Papers

A new law passed by congress increases from \$1 to \$5 the cost to an alien of a declaration of intention, or first papers. The charge for filing a petition for final naturalization will be \$10. An extra fee of \$5 will be charged for issuance of a certificate of arrival, whether that certificate is issued for first or second papers, according to information received at the office of Circuit Clerk L. J. Wilmot of Lake county.

The provisions of the law are:

All aliens who arrived before June 3, 1921, who cannot prove definitely the exact time and manner of arrival, or aliens who came to this country without the payment of the

so-called head tax before June 3, 1921, will be able to have their legal residence established by the payment of \$20 fee to the government.

After July 1 it will be necessary to prove an entire year's residence in a particular state before being able to file a petition for final papers; a six months residence in the county will be sufficient for naturalization purposes.

After July 1 no first papers will be furnished, no matter when the applicant came to this country, unless his legal arrival has been established. At present this procedure is practiced only in the case of those who arrived after June 3, 1921.

It will be necessary to furnish two full-face photographs, size 2 1/2 by 2 1/2 inches, with application for first and second papers.

MANY LOCAL PEOPLE RIDE IN AIRPLANE

(Continued from page 3)

per cent of the people who took the aerial tour had never before flown.

The plane furnished with comfortable wicker chairs and the cabin is attractively finished in green leather. It is adequately lighted for night flying and heaters provide a comfortable warmth in the cabin for flying in cold weather or at high altitudes. Its spacious cabin provides for the seating of fifteen passengers and it carried from 12 to 15 on each trip.

This plane is the sister ship to the one in which Mrs. Evangeline Lindberg flew to Mexico and returned and also to the one in which Commander Richard E. Bryd is doing a great deal of his south polar exploring.

Passenger List

Among those from Highland Park and Lake Forest who were passengers on flights Friday are:

From Highland Park—J. R. Purnell, Bruce Blaine, Shirley Blaine, Ralph Cowan, Frank Gilles, Frank Rectenwald, Jacob Rudolph (Glencoe police chief), Sergt. Martin Kopp of the Highland Park police department; John Butler, Frank Siljestrom, C. V. Van Arsdale, Mr. and Mrs. Roy Howe, Leonard Wahl, Dean Rossiter, Robert Laird, Mr. and Mrs. H. Bentley and two children, Richard Mann, George Briggs, "Chick" Wheeler of Purnell & Wilson's DesPlaines force, who is a veteran aviator with war experience, piloted the big plane on the eighth flight. F. W. Black of the DesPlaines office also was among the passengers.

From Lake Forest—Mrs. John Caspersen, Kenneth G. Crane, Mrs. Mildred Booth, Frank Read, Jr., J. C. McNicol, William Baker, Postmaster Walter Smith, Willis Griffis, R. E. Wood, Mildred Wood, Richard Smith, Edward Fabry, Walter Johnson, Al Watson and others.

Enters Partnership with Chicago Florist

Paul Boy Rosky, expert horticulturist for Mr. and Mrs. A. L. Snite's estate, will resign his position to enter partnership with the Leshyn Florists, Chicago, having been employed in his present position for three years as a general manager of entire range, which consists of 50,000 square feet of glass.

Paul was born in Modra-Harmony, Czechoslovakia, which is famous for its vine, only second to the world famous Tokai vine, also its mecca for tourists from all over the globe, due to the sulphur baths.

He learned the rudiments of the trade from his father, who was the owner of the finest rose nursery in the European continent. He graduated from the Royal Horticultural college of Vienna, Austria, and was formerly employed by the late Crown Prince of Austria in his world famous 3,000-acre estate in Shoenbrun, Austria, noted for its finest collection of orchids, estimated value half a million dollars.

Mr. Rosky is a World war veteran. He also served in Ft. McKinley, Philippine Island and Ft. Amador, Panama Canal Zone. After seven years' active service he was honorably discharged as a master gunner, Coast Artillery Corps, U. S. A.

SKY HARBOR AIRPORT OPEN THIS WEEK-END

(Continued from page 1)

who all spring have kept coming to Sky Harbor while the construction has been going on, has been the beautiful, modernistic club house and administration building. The general offices of the Gray Goose Air lines have been moved to the first floor of the Sky Harbor administration building. The first floor also contains an attractively decorated waiting room for the public, locker room for women students, lunch counter and soda fountain.

The famous Russian Petruska club occupies the second and third floors of the administration building. Since last Friday night the Petruska restaurant has been in operation and several private parties have been given by the club. This has led to the erroneous impression that the Airport and club house are not open to the public.

Cinder Runways

Five inches of excess rainfall this spring has made turf fields unsafe which normally would be ideal for flying. In order to be sure that Sky Harbor would have a field suitable for year-around activities, cinder runways have been constructed. For the last three weeks cinders have been laid in Sky Harbor at the rate of 16 carloads a day. Two of the resulting runways are 100 feet wide and 2500 feet long. The other two are 100-foot wide and 1300 feet long.

An automobile parking space has been prepared and is ample to take care of the thousands of people who it is expected will visit the airport on the opening days.

Night Lighting

It is expected that the night lighting equipment will be completely installed by this week-end. It will provide for night flying. Sightseeing trips over the city at night will provide a new thrill for Chicago people.

Army Squadron Coming

General Sechet, chief of the air corps of the U. S. Army, is sending a squadron of Air Service flyers from Selfridge field, Mich., to participate in the formal opening of the field. The squad will do army aircraft maneuvers and stunt flying.

To Go to England

Mrs. Allen E. Towne of Evanston will go to England in July for study in part 1 of the summer meeting at Oxford university, and in part 2 of the session of the University of Cambridge. She will join her husband and his party of Boy Scouts from Evanston, Wilmette and Highland Park when they arrive in Paris, after they have attended the international Boy Scout jamboree near Liverpool. The party will make a tour of the Continent and the chateau district of France before returning about September 10.

Minister's Study Is Entered by Burglar

Report is made that the study of the Rev. H. F. Siemen, pastor of the Bethany Evangelical church was entered by a burglar a few nights ago and some small articles stolen. So far no trace of the burglar has been discovered, and the house-breaking is believed to have been the work of boys.
