ROAD IMPROVEMENT IN COUNTY PLANNED

(Continued from page 3)

road traffic knots that now strangle the city and its environs.

Governor Urges Haste

Governor Emmerson advised the committee to formulate its road construction and improvement program in detail, so that as soon as gas tax funds are available they can be converted immediately to the construction work recommended.

Of the \$19,540,000, which the governor has agreed shall be expended during the forthcoming biennium on highways in the Chicago area, \$12,315,000 will be spent within Cook county.

General Plan

The general development scheme includes:

Widening of 125 miles of roads from twenty to forty feet.

Building of thirty-seven miles of new forty-foot roads.

Building of 122 miles of new twenty-foot roads.

Elimination of fifty-nine grade crossings.

Widening of thirteen state bond issue roads.

Building of two roads around Chicago, one eighteen miles and the other twenty-four miles from the heart of the city.

Building of 191 miles of state bond issue roads outside of Cook county and within seventy-five miles of Chicago.

The plans, previously prepared by the Regional Planning association, are to be submitted to the new committee and formal approval is expected to be voted within two weeks. Governor Emmerson has indicated he will approve whatever decision is reached.

New System of Calls for Waukegan Phones

June telephone directories for Waukegan and Lake county are being distributed this week by the Illinois Bell Telephone company to cover a six months' period. The books contain the new prefixes, "Majestic" and "Ontario," which are to be placed into use at once by persons making calls.

The prefix "Majestic" has been applied to all numbers up to and including 5599. Beginning with 5600, the prefix "Ontario" is to be used. When calling North Chicago or Great Lakes, the names of the places must be given to the operator, just as is done when calling Lake Forest, Highland Park, Libertyville or any other town or village in the county.

Over 7,000 Phones

The phones in Waukegan, North Chicago and Great Lakes number far into the seven thousands. No numbers have been changed aside from adding the prefixes, except in instances of the removal or addition of new customers.
