**New Currency Starts Circulation July 10; Supply Is Limited**

With the opening of banks for business Wednesday morning the nationwide scramble began to acquire some of the new, attractive, unfamiliar currency which, within a few months, will replace the long familiar, much larger paper money now in circulation throughout the country.

With about 912,000,000 pieces already printed, the treasury is prepared to meet the "curiosity" demand, but only to a limited extent because of the big problem of distribution.

This change in currency, which is to be completed in about a year, is the first undertaken by the government since 1861 and is expected to reduce the cost of materials, printing, storage and distribution about \$1,500,000 a year.

Only limited amounts of the new currency in denominations from \$1 to \$20 have been made available to the banks for distribution so far. The new National Bank notes are not to be introduced until Monday, and the larger denominations of all kinds will follow.

**IN MEMORIAM**

In Memory of Mr. Hennig who passed away two weeks ago. During the four months that I attended him I found him to be a man of excellent character and background. I thank every knee that bowed before his casket.

**Local Elks Enjoy Golf Tournament**

The Elks annual picnic-golf tournament was held yesterday at the Countryside Golf club, one mile west of Mundelein. A buffet luncheon was served at noon, after which the 70 members and guests played games, golf, etc. The golf fans played all afternoon, some of them finishing forty-five holes, so the prizes will not be awarded the winners until the next picnic, which will be held on August seventh. A dinner was served in the evening and all who were present report a "real good time."

William (Buck) Kelly, professional at Countryside and formerly in a similar position at the Sunset Valley course here, spared no effort to make the visit of the Elks a pleasant one, and he and his assistants have the sincere thanks of their guests for their hospitality.

Synthetic sunshine is being prescribed for ailing children in Chicago. Let us hope that it has a better effect than synthetic moonshine does on some of the elders.

**CARD OF THANKS**

We wish to thank our many neighbors, relatives and friends for the kindness shown us in our late bereavement.

Mr. and Mrs. J. Bleyer. 19pd

**Three Killed In Auto Crashes in County in Week-End Road Toll**

Death riding with a free rein on highways of the county during the last 36 hours, claimed three lives and may take two more from the score or more who were injured in a series of automobile accidents.

The dead are: Carl Bushel, 54, Merrill, Wis., theater owner and gentleman farmer, fatally hurt on Green Bay road, Sunday afternoon.

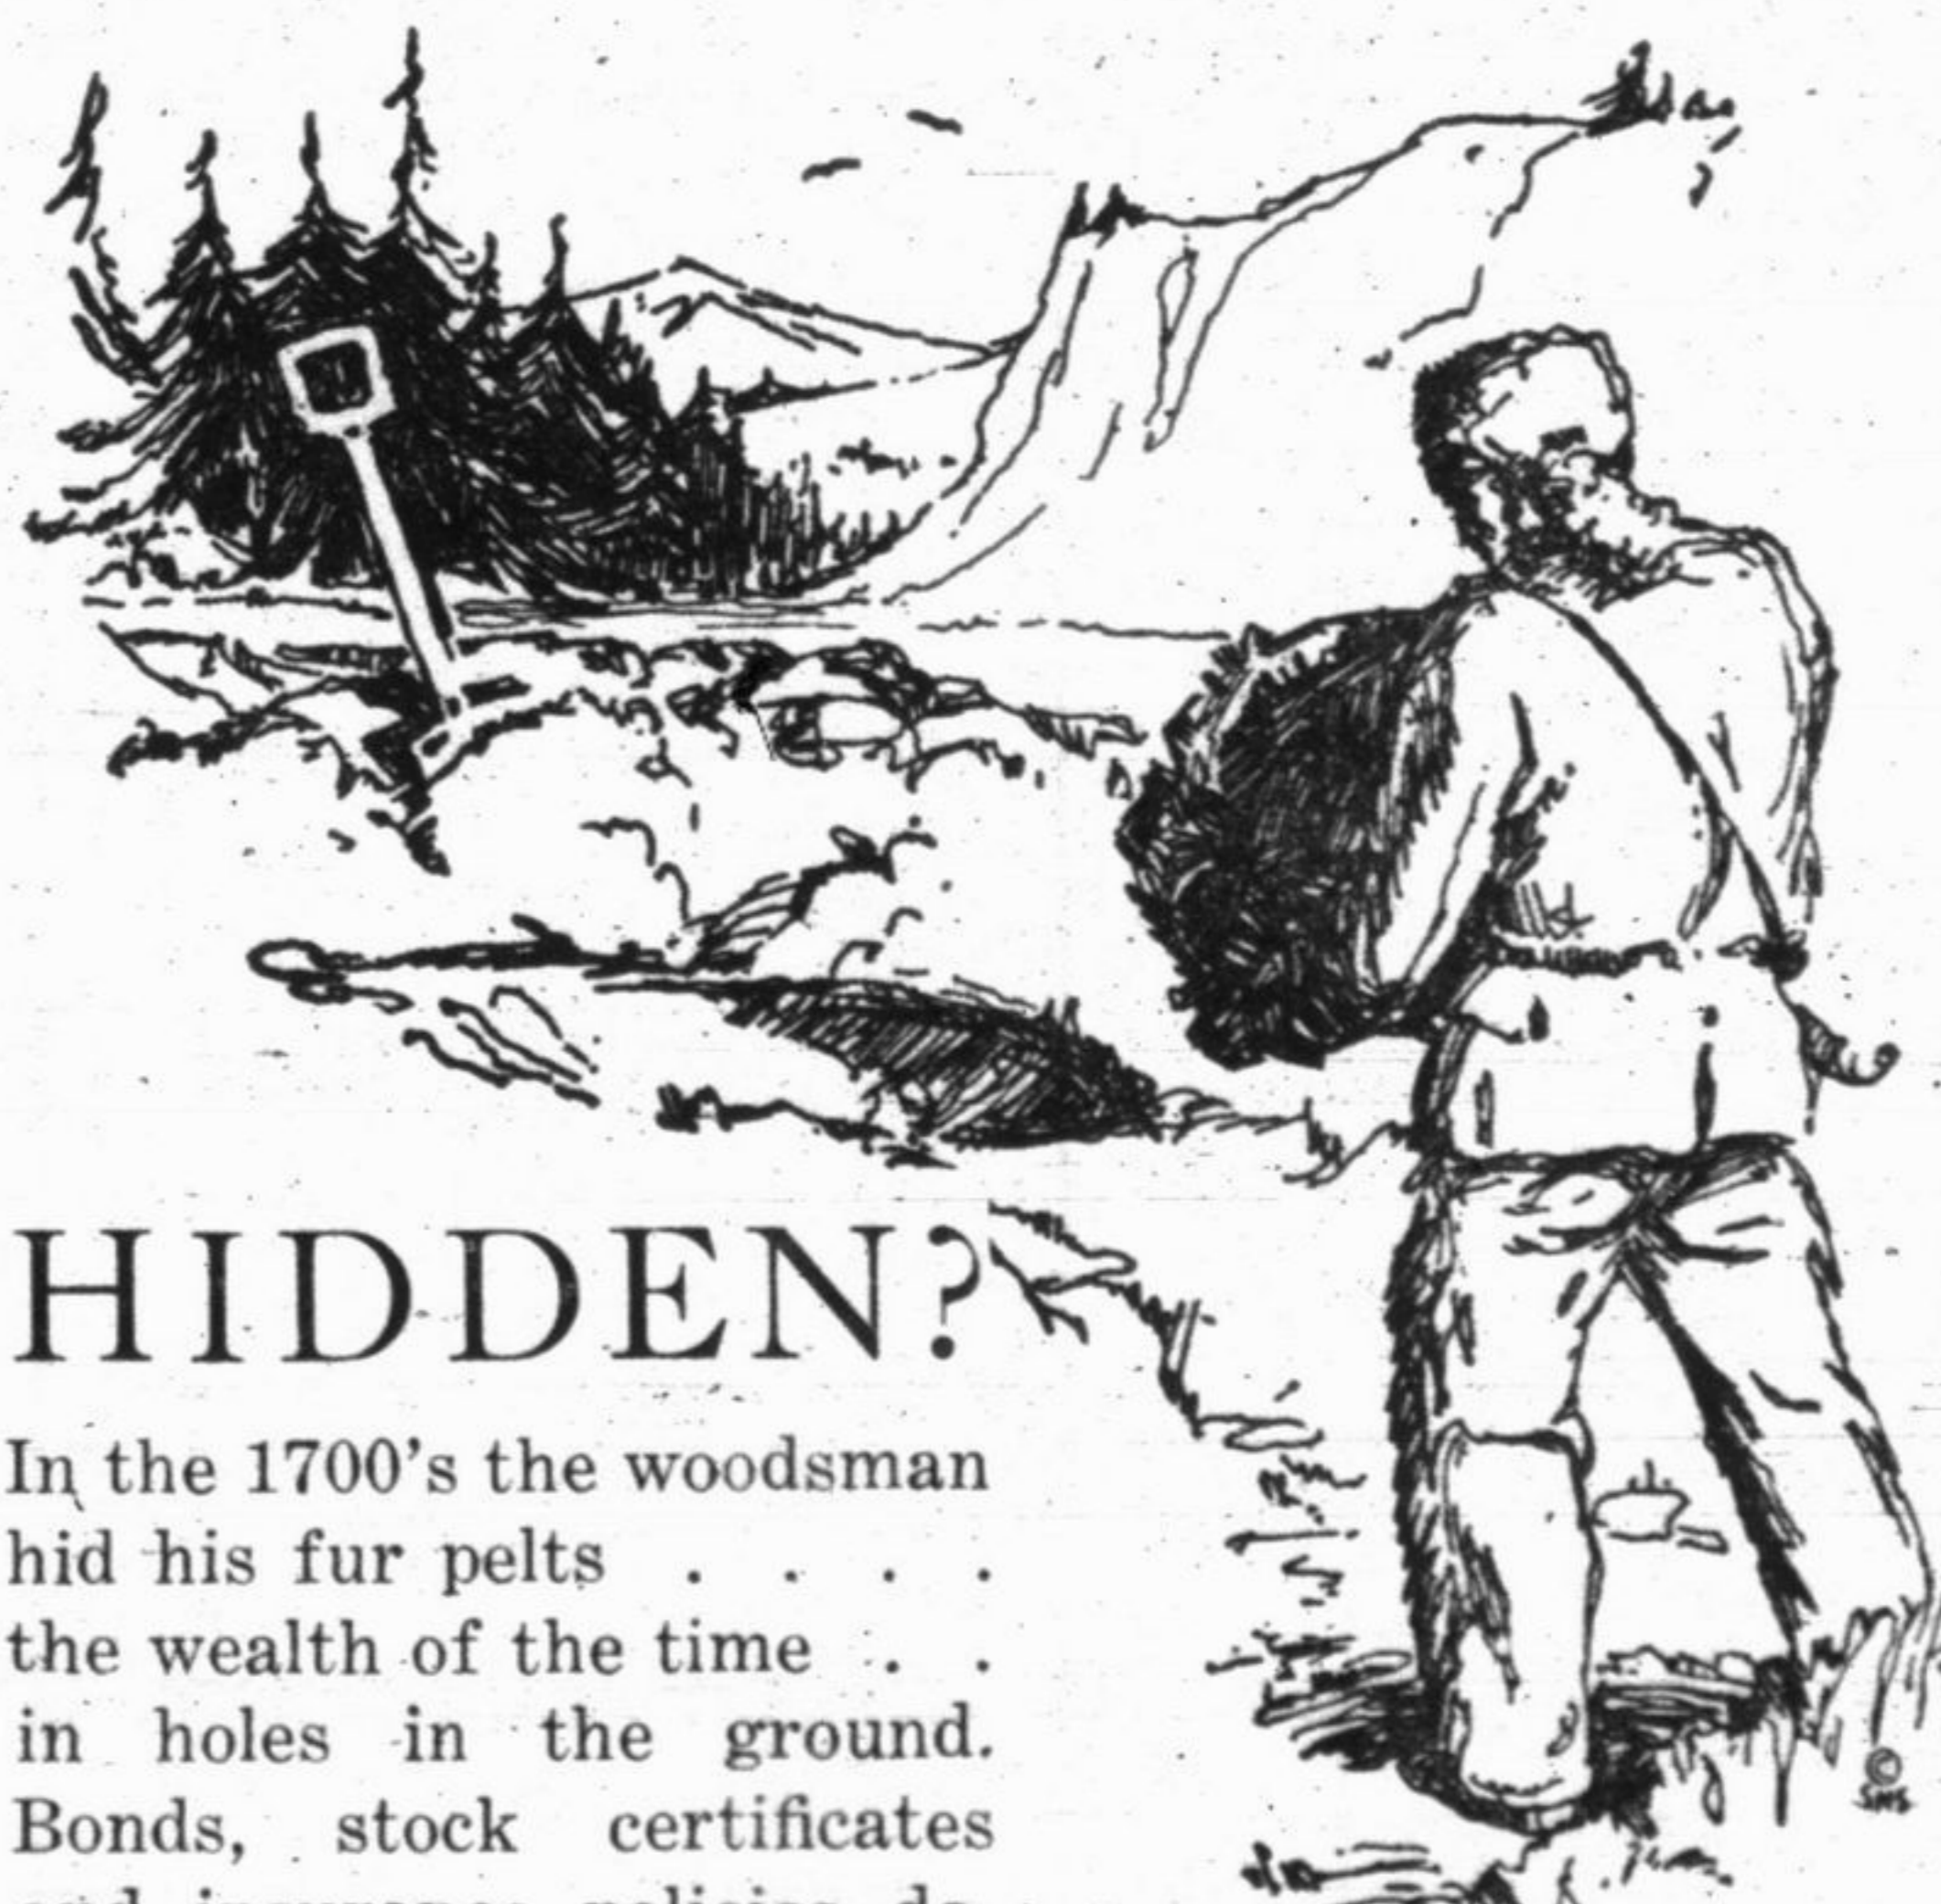

Edward Cerny, 18, 2252 West Twentieth street, Chicago, killed on Morrow avenue, North Chicago, Sunday morning.

Graydon R. Collins, 20, of Grayslake, killed on Milwaukee avenue in Libertyville, this morning.

It is claimed that education costs too much, but not many people are found who know too much.

It is claimed the axis of the earth is slipping. It would seem as if one of the excellent garages in this town should be able to repair this defect.

The railroad crossing accidents continue, but they could be prevented if the railroad trains were required to stop when they saw an automobile coming.

**HIDDEN?**

In the 1700's the woodsman hid his fur pelts . . . . . the wealth of the time . . . in holes in the ground. Bonds, stock certificates and insurance policies demand a stronger safeguard . . . and find it in the great safe deposit vaults here.
