Who'll Help Get Radio
Set for Fire Fighters?
They'll Appreciate It

Who has a good radio set to donate
to the Highland Park Fire Depart-
ment? Or perhaps, failing donation
of a complete set, there may be many
willing to subscribe to a fund to pro-
vide the firemen with such an appar-
atus.

The fire fighters have had an old
set in the station for a year or so,
but it was never very good and re-
cently it just quit. Now they are
without any means of hearing the
ball games and other programs and
they miss these entertainments dur-
ing the long waits between calls
when their routine work is done and
time hangs heavily on their hands.

The boys need a radio. They must
stay at the station and nobody who
is not familiar with the monotony
of a fireman's life can realize just
how much enjoyment they get out of
a set. They are lost without it.

Here is a chance for tangible ex-
pression of appreciation of the ef-
forts of the firemen. The Press is
sure that a hint like this is all that
is necessary. Maybe some good
friends of the boys would collect a
sufficient fund to purchase them a
good set?

New Registration Law
May not Be Applicable
in Lake County, Report

The central registration law, which
was passed by the general assembly
a short time ago to allow those whose
occupation prevent them from plac-
ing their names on the poll books on
specified days to register at the offices
of election commissioners in various
counties of the state, is still not defi-
nitely defined as far as Lake county
is concerned.

At the office of County Clerk Lew
Hendee it was said that it is be-
lieved the law will not materially af-
fect voters here because there is no
board of commissioners handling elec-
tions, the registrations being taken
care of solely by precinct boards. The
law is in effect today.

The law was designed to accom-
modate commercial travelers, railroad
men, and others whose occupation
prevents their registration on speci-
fied days. The law permits such per-
sons to register at the office of the
board of election commissioners at
any time prior to the compilation of
the registration lists for each elec-
tion. It also provides that registered
voters may be transferred from pre-
cincts in which they formerly resided
to new precincts by making applica-
tion for transfer at the office of the
election commissioners.

The pen may be greater than the
sword, but the hoe is better than
either of them in providing some-
thing for dinner.

Not surprising that the boys' pants
industry is reported flourishing, with
all that are being worn out by sliding
to bases here in Illinois.

We have a good many men intel-
lectually equipped to be president,
but not many of them could shake
hands with all the tourists.
