### Children's Annual Summer Frolic at Glencoe on July 24

On Wednesday afternoon, July 24th, at 3:30 o'clock, Mrs. Andrew MacLeish will be hostess to all who assemble when a magic spell is cast over her gardens at Craigie Lea, Glencoe, as the Student Players of the National Kindergarten and Elementary college present their Annual Children's Summer Frolic.

The play this year will be called "A Midsummer Frolic with Woodland Friends." Miss Clara Belle Baker of the College Faculty, has woven the plot of the play into a lovely rhyme which will be printed on the program.

Mrs. Caroline Crawford MacLean of Fairhope, Alabama, a well known producer of plays and pageants for children, is presenting a valuable course in "The Development of the Arts" in the College Summer school. She is incorporating the production of the Frolic in her course as a class room project.

The art department is responsible for the lovely costuming and for the attractive posters announcing the Frolic to be seen in various places. The costuming, most gay and colorful, is being made by the class in Applied Arts under the direction of Miss Nellie MacLennan. Miss Marguerite Calkins Taylor and Miss Anna Marks have produced the posters in class work. The ensemble will be the culmination of valuable work which the sixty students in the east have elected as a part of their summer curriculum.

Craigie Lea makes an ideal location for the play and Mrs. MacLeish always extends an invitation to all her guests to wander through her charming gardens. Refreshment booths are being planned to fit into the attractive scheme and a very unique feature of the program will be the use of an Electrola with amplifier. Mrs. MacLean has chosen the music which will be the background for the play. From the light and airy music of the Fairy dancing to the stately ceremonial chant of the stalwart Indian Chief and his councilors, there will be music to fit each changing scene and mood.

### Silver Fox Farming Is Growing Industry

Silver foxes are being raised on States, according to official statistics, about 3,000 ranches within the United States. This is approximately \$30,000,000 invested in the business.

The need for information of fox-farming led to the preparation of a bulletin on the subject a few years ago and the demand for it has required several reprints. This bulletin, "Silver Fox Farming," by Frank G. Ashbrook, in charge of the division of fur resources of the United States biological survey presents the information usually called for on the management, feeding, and breeding of silver foxes in captivity.

The supply of the bulletin for free distribution is now exhausted, but copies can be had for fifteen cents by writing to the superintendent of documents, Government Printing Office, Washington, D.C., and ordering Department Bulletin 1151-D, "Silver Fox Farming."

### Officers of 404th Infantry Stage Brilliant Party

Officers of the 404th Infantry (Reserve) Wisconsin on Thursday, July 11, staged the most brilliant banquet ball held in many years at the Fort Sheridan Officers' club. Major General F. J. Parker, Chicago; Admiral Crosley, Great Lakes, and Brigadier Gen. C. H. Conrad, Jr., Ft. Sheridan, were guests of honor. Capt. Joseph W. Bollenbeck, regular army, Milwaukee, presided.

A beautiful ceremony was an indoor retreat staged at the close of the dinner and just prior to the usual toast to the president. A miniature cannon fired a salute and as the flag was lowered, all lights were out and a spotlight illuminated the colors.

Twenty prizes were awarded to winners of regimental championships in tennis, golf, swimming and football events, baseball throw and horse-shoe pitching. Lt. Gerald Mabey, Eau Claire, and Capt. Bollenbeck, Milwaukee, distinguished themselves by taking the lion's share of prizes, Mabey winning the fancy diving and second in drop-kick, baseball throw, football passing and third in punting. Capt. Bollenbeck won the punt on 49 yards, drop-kick on 54 yards, 1 foot, and the tennis title.

### Woman's Society Has Delightful Meeting

The July meeting of the Women's society of St. Johns Evangelical church was held at the home of Mrs. Geo. Krumbach on Ridge road on Wednesday, July 11, 1929. Fifteen members and four visitors were present. The morning hours were spent in sewing and at noon a delicious dinner was served at a long table set in the spacious yard. The business meeting was held later in the house and was presided over by the president, Mrs. Geo. Bock. Rev. K. A. Roth led the devotional services. After the meeting the guests enjoyed several hours of social fellowship out of doors and the hostess served light refreshments.

The next meeting will be held at the home of Mrs. G. A. Holste at Northbrook, the date to be announced later.

### Motorists Burning Up Roads Under New Law

Given the proverbial inch, motorists using the Lake county highways are taking a mile, according to Sheriff Lawrence Doolittle, who, since the new 45 miles an hour speed became effective July 1, has been receiving reports from his deputies regarding the reaction of drivers.

When the legal rate of speed was 35 miles an hour, the autoists were stopping their cars up to at least 45 miles an hour. Now with the additional 10 miles an hour leeway granted by law, the drivers are anxious to speed along at 55 miles or more an hour.

Some allowance is made by the motorcycle policeman, the sheriff says, but when traffic is above normal and dangers are greater, a close tab is kept on the speedometers of passing cars.
