North Shore Gas  
Company

The Cream Puff shell or foundation, which is called Choux Paste, is one of the foods which may be used for a dessert or for a main luncheon dish, the special treatment and filling determining its use.

For a dessert it may be filled with sweetened and flavored whipped cream, with strawberries or other fresh fruits mixed with whipped cream, with a plain custard or chocolate custard filling, or any other dessert filling desired. Dust lightly with powdered sugar before serving.

This may also be used for Chocolate Eclairs, in which case they should be formed by a pastry tube and made about one-half inch by four inches. Fill with whipped cream or custard filling and cover with a chocolate frosting.

For a luncheon or supper dish fill with Creamed Chicken, Creamed Lobster, Creamed Asparagus or any of the creamed fillings preferred.

Cream Puff Shells

- 1 cup water
- 1/2 cup vegetable oil
- 1/2 teaspoon salt
- 1 cup flour
- 4 eggs.

Heat water and shortening together to boiling. Set aside from blaze and add all at once the flour which has been sifted with the salt. Turn flame down very low and stir mixture over it constantly until it does not stick to sides of pan and forms a smooth ball. Beat vigorously.

Remove from fire and, while still hot, add one egg unbeaten and beat hard until it is thoroughly mixed and smooth. Then add another egg and beat the same way. Repeat until the four eggs are used, then give the mixture a little extra beating as it should be very smooth and shiny.

For each puff drop a rounded tablespoonful onto a well greased pan, round each off smoothly, leaving them heaped up. Place in an oven heated to 450, bake 20 minutes, then turn regulator wheel back to 325 and continue baking for 25 minutes more. They should puff and form a hollow shell.

When baked cut a tiny slit in the side of each to allow the steam to escape. When ready to serve, make an opening in the side and fill.

Newspapers are now forecasting a solution of the French debt by September. The debt may be solved by September but it will not be settled.

The tariff on pineapples is to be increased and the free traders will doubtless consider this rough work.

One half of the world's radio sets are said to be in use in the United States. And it's our opinion that we have about seven eighths of the static.
